Disclosure of Convictions and Discipline

To renew a license that expires at midnight on the last day of the licensee's birth month every two years, the Board requires the licensee to disclose whether, since his or her last renewal, he or she has had any other license disciplined by a government agency or other disciplinary body; or has been convicted of any crime in any state, the United States and its territories, military court or other country. If a response of "yes" is provided, additional information regarding the matter will be requested by the Board.

"Conviction" includes a plea of guilty or no contest and any conviction that has been set aside or deferred pursuant to Sections 1000 or 1203.4 of the Penal Code, including infractions, misdemeanors, and felonies. It is not necessary to report a conviction for an infraction with a fine of less than \$300 unless the infraction involved alcohol or a controlled substance. However, any convictions in which a plea of no contest was entered and any convictions that were subsequently set aside or deferred pursuant to Sections 1000 or 1203.4 of the Penal Code must be disclosed. "License" includes permits, registrations, and certificates. "Discipline" includes, but is not limited to, suspension, revocation, voluntary surrender, probation, reprimand or any other restriction on a license held by you.

New Fingerprint Requirement

Regulations require the submission of fingerprints upon license renewal. Due to a change in the regulations, fingerprints are now checked by the Department of Justice (DOJ) **and** the Federal Bureau of Investigation (FBI). Prior to 2007, background checks were only processed through DOJ. If your license was issued prior to April 1, 2007 and you did not complete the fingerprint process in the last two renewal cycles, you are required to submit fingerprints. Live Scan is required for California residents and a Manual Fingerprint Card is required for non-California residents.

Fingerprinting by another agency or your employer is not sufficient to meet the requirement.

There is a one-time processing of your fingerprints in order to maintain a current and active Optometry license in California. The current processing fee for DOJ and FBI is \$49.00. In addition, a print "rolling" fee may be required at the fingerprint site. The fingerprint requirement will be waived if the license is renewed in an inactive status. However, a request to have an inactive Optometry license re-activated to "active" status will require fingerprints to be submitted. Fingerprints may be submitted anytime prior to the renewal date.

There are two methods available for completing the fingerprint requirement. The first method is Live Scan and must be used for Optometrists residing in California. The second method for Optometrists not residing in California is a manual fingerprint card (hard card). Instructions for obtaining and completing both methods are found below.

To obtain information regarding the submission of your fingerprints and/or to complete the Live Scan Service form, you may visit the Board's website at <http://www.optometry.ca.gov/faqs/fingerprint.shtml>.
