INTRODUCTION

The California State Board of Optometry's (hereafter Board) mission is to serve the public and optometrists by promoting and enforcing laws and regulations, which protect the health and safety of California's consumers and to ensure high quality care.

In keeping with its mandate to protect the consumer of optometric services from the unsafe, incompetent and/or negligent optometrists, the Board has adopted the following recommended guidelines for disciplinary orders and conditions of probation for violations of the Optometry Practice Act.

The Board's disciplinary guidelines were designed for use by Administrative Law Judges, attorneys from the Office of the Attorney General, licensees, Board staff and others involved in the Board's disciplinary process and are to be followed in all disciplinary actions involving the Board. The Board has the final authority over the disposition of its cases, and to complete its work, it utilizes the Office of the Attorney General and the Office of Administrative Hearings.

This manual includes factors to be considered in aggravation or mitigation, guidelines to be used by Administrative Law Judges for a violation(s) of specific statutes, and standard and specialty probationary terms and conditions.

If, at the time of hearing, the Administrative Law Judge finds that the Respondent for any reason is not capable of safe practice, the Board favors outright revocation of the license. If, however, the Respondent has demonstrated a capacity to practice optometry safely, a stayed revocation order with probation is recommended.

Suspension of a license may also be appropriate where the public may be better protected if the practice of the optometrist is suspended in order to correct deficiencies in skills, education, or personal rehabilitation.

The Board recognizes that these recommended penalties and conditions of probation are merely guidelines and that aggravating or mitigating circumstances and other factors may necessitate deviation from these guidelines in particular cases.

PUBLIC RECORD

It is the Board's policy that all letters of license denial, citations issued and final decisions will be published as a matter of public record and shall be available on the Internet, pursuant to Business and Professions Code, section 27.

COST RECOVERY

The Board seeks recovery of all investigative and prosecution costs in all disciplinary cases. The costs include all charges incurred from the Office of the Attorney General, the Division of Investigation, and Board services, including, but not limited to, expert consultant opinions and services, pursuant to Business and Professions Code, section 125.3. The Board seeks recovery of these costs because the burden for payment of the costs of investigation and prosecution of disciplinary cases should fall upon those whose proven conduct required investigation and prosecution, not upon the profession as a whole.

PROBATION MONITORING PURPOSE

The purpose of the probation monitoring program is to maintain public protection by proactively monitoring probationers to ensure terms and conditions are met. The Board will work to:

- 1) Allow for the probationer's rehabilitation if that is his/her choice;
- 2) Allow the probationer an opportunity to practice in a professional manner with restrictions and guidance from a community support system and designated probation monitor to prevent future occurrences; and
- 3) Allow for education of the individual as to the responsibilities, requirements and professionalism mandated of an optometrist.

It is the policy of the Board that if a probationer is found to be in violation of any term of probation at any time during the probation period, the Board shall immediately be notified of the violation so that disciplinary action may be considered.

CITATIONS

The Board has the authority to issue citations and fines for violations of several sections of the Board of Optometry Practice Act and its regulations. Citations issued may include an order for abatement, a fine, or both. Citations are issued at the discretion of the Board. The issuance of a citation is separate from and may be in addition to any other administrative discipline, civil remedies, or criminal penalties. (California Code of Regulations section 1399.380(h)). Any prior citation may be used in future actions as aggravating evidence.

STIPULATED SETTLEMENTS

The Board will consider stipulated settlements to promote cost effectiveness and to expedite disciplinary decisions if such agreements are consistent with the Board's mandate.

DISCIPLINARY GUIDELINES

**DISCIPLINARY GUIDELINES SUMMARY FOR USE BY
ADMINISTRATIVE LAW JUDGES**

State of California Board of Optometry
Disciplinary Guidelines
and Model Disciplinary Orders
May (1999)

To establish consistency in disciplinary penalties for similar offenses on a statewide basis, the Board of Optometry has adopted these uniform disciplinary guidelines for particular violations. This document, designed for use by administrative law judges, attorneys, optometrists and ultimately the Board, shall be revised from time to time following public hearing by the Board and will be disseminated to interested parties upon request.

~~This document is divided into three sections as follows: (1) Disciplinary guidelines for specific violations of the Optometry Practice Act and other related laws; (2) model language for use in crafting disciplinary orders; and (3) guidelines for the imposition and assessment of administrative fines and citations. The Board recognizes that these penalties and conditions of probation are merely guidelines and that mitigating or aggravating circumstances may necessitate variations in individual cases.~~

Additional copies of this document may be obtained by contacting the Board of Optometry at its offices in Sacramento, California. There may be a charge assessed sufficient to cover the cost of production and dissemination of copies. In determining the appropriate discipline, consideration should be given to any mitigating or aggravating circumstances. All decisions shall include cost recovery in accordance with Business and Professions Code section 125.3.

Disciplinary Guidelines

The Board recognizes that these penalties and conditions of probation are merely guidelines and that mitigating or aggravating circumstances may necessitate deviations. If there are deviations or omissions from the guidelines, the Board would request that the Administrative Law Judge hearing the matter include some statement of this in the proposed decision so that the circumstances can be better understood and evaluated by the Board upon review of the proposed decision and before its ultimate action is taken.

~~For purposes of this document terms and conditions of probation are divided into two general categories: (1) General Conditions which are those conditions of probation which will generally appear in all cases involving probation as a standard term and condition; and (2) Specific Conditions which are those that address the specific circumstances of the case and require discretion to be imposed depending on the nature and circumstances of a particular case. B&P refers to the California Business and Professions Code. CCR refers to the California Code of Regulations~~

**These guidelines are incorporated by reference in §1575 of Division 15 of Title 16
of the California Code of Regulations.**

§1575. UNIFORM STANDARDS RELATED TO SUBSTANCE ABUSE AND DISCIPLINARY GUIDELINES

§1575. Uniform Standards Related to Substance Abuse and Disciplinary Guidelines

In reaching a decision on a disciplinary action under the Administrative Procedures Act (Government Code Section 11400 et seq.), the Board of Optometry shall comply with the "Uniform Standards Related to Substance Abuse" (Uniform Standards) and consider the "Disciplinary Guidelines"(DG-4, 5-2012) which are hereby incorporated by reference. The Disciplinary Guidelines apply to all disciplinary matters; Uniform Standards apply to a substance-abusing licensee.

- (a) Notwithstanding subdivision (b), deviation from these disciplinary guidelines and orders, including the standard terms of probation, is appropriate where the Board in its sole discretion determines that the facts of the particular case warrant such a deviation for example: the presence of mitigating factors; the age of the case; evidentiary problems.
- (b) If the conduct found to be a violation involves drugs and/or alcohol, the licensee shall be presumed to be a substance-abusing licensee for purposes of Section 315 of the Code. If the licensee does not rebut that presumption, then the Uniform Standards for substance-abusing licensees shall apply.

Note: Authority cited: Sections 3025 and 3090, Business and Professions Code; and Sections 11400.20, Government Code. Reference: Sections 315, 315.2, 315.4, 480, 3090, 3091 and 3110, Business and Professions Code; and Sections 11400.20, and 11425.50(e), Government Code.

UNIFORM STANDARDS FOR SUBSTANCE-ABUSING LICENSEES

Pursuant to Business and Professions Code §315, the following standards shall be adhered to in all cases in which an optometrist's license is placed on probation because the optometrist is a substance-abusing licensee. These standards are not guidelines and shall be followed in all instances, except that the Board may impose more restrictive conditions if necessary to protect the public.

1. CLINICAL DIAGNOSTIC EVALUATION

If a clinical diagnostic evaluation is ordered, the following applies:

The clinical diagnostic evaluation shall be conducted by a licensed practitioner who:

- holds a valid, unrestricted license, which includes scope of practice to conduct a clinical diagnostic evaluation;
- has three (3) years experience in providing evaluations of health professionals with substance abuse disorders; and,
- is approved by the Board.

The clinical diagnostic evaluation shall be conducted in accordance with acceptable professional standards for conducting substance abuse clinical diagnostic evaluations. The clinical diagnostic evaluation report shall:

- set forth, in the evaluator's opinion, whether the licensee has a substance abuse problem;
- set forth, in the evaluator's opinion, whether the licensee is a threat to himself/herself or others; and,

- set forth, in the evaluator’s opinion, recommendations for substance abuse treatment, practice restrictions, or other recommendations related to the licensee’s rehabilitation and safe practice.

The evaluator shall not have a financial relationship, personal relationship, or business relationship with the licensee within the last five years. The evaluator shall provide an objective, unbiased, and independent evaluation.

If the evaluator determines during the evaluation process that a licensee is a threat to himself/herself or others, the evaluator shall notify the Board within 24 hours of such a determination.

For all evaluations, a final written report shall be provided to the Board no later than ten (10) days from the date the evaluator is assigned the matter unless the evaluator requests additional information to complete the evaluation, not to exceed 30 days.

2. REMOVAL FROM PRACTICE PENDING CLINICAL DIAGNOSTIC EVALUATION

The Board shall order the licensee to cease practice during the clinical diagnostic evaluation pending the results of the clinical diagnostic evaluation and review by Board staff.

While awaiting the results of the clinical diagnostic evaluation required in Uniform Standard #1, the licensee shall be randomly drug tested at least two (2) times per week.

After reviewing the results of the clinical diagnostic evaluation, and the criteria below, a probation manager shall determine, whether or not the licensee is safe to return to either part-time or full-time practice. However, no licensee shall return to practice until he or she has at least 30 days of negative drug tests.

- the license type;
- the documented length of sobriety/time that has elapsed since substance use;
- the scope, pattern of use, and history of drug/alcohol use;
- the treatment history;
- the licensee’s medical history and current medical condition;
- the nature, duration and severity of substance abuse, and
- whether the licensee is a threat to himself/herself or the public.

3. BOARD COMMUNICATION WITH PROBATIONER’S EMPLOYER

The licensee shall provide to the Board the names, physical addresses, mailing addresses, and telephone numbers of all employers and supervisors and shall give specific written consent that the licensee authorizes the Board and the employers and supervisors to communicate regarding the licensee’s work status, performance, and monitoring.

4. DRUG TESTING STANDARDS

The following standards shall govern all aspects of testing required to determine abstention from alcohol and drugs for any person whose license is placed on probation due to substance use:

Testing Frequency Schedule

A Board may order a licensee to drug test at anytime. Additionally, each licensee shall be tested RANDOMLY in accordance with the schedule below:

<u>Level</u>	<u>Segment of Probation/Diversion</u>	<u>Minimum Range of Number of Random Tests</u>
<u>I</u>	<u>Year 1</u>	<u>52-104 per year</u>

II*	Year 2+	36-104 per year
-----	---------	-----------------

*The minimum range of 36-104 tests identified in level II is for the second year of probation and each year thereafter.

Nothing precludes the Board from increasing the number of random tests for any reason. If the Board finds or suspects that a licensee has committed a violation of the Board's testing program or committed a Major Violation, as identified in Uniform Standard 10, the Board may reestablish the testing cycle by placing that licensee at the beginning of level I in addition to any other disciplinary action that may be pursued.

Exception to Testing Frequency Schedule

I. PREVIOUS TESTING/SOBRIETY

In cases where the Board has evidence that a licensee has participated in a treatment or monitoring program requiring random testing, prior to being subject to testing by the Board, the Board may give consideration to that testing in altering the testing frequency schedule so that it is equivalent to this standard.

II. VIOLATION(S) OUTSIDE OF EMPLOYMENT

An individual whose license is placed on probation for a single conviction or incident or two convictions or incidents, spanning greater than seven years from each other, where those violations did not occur at work or while on the licensee's way to work, where alcohol or drugs were a contributing factor, may bypass Level I and participate in Level II of the testing frequency schedule.

III. NOT EMPLOYED IN HEALTH CARE FIELD

The Board may reduce testing frequency to a minimum of 12 times per year for any person who is not practicing OR working in any health care field. If a reduced testing frequency schedule is established for this reason, a licensee shall notify and secure the approval of the Board. Prior to returning to any healthcare employment, the licensee shall be subject to Level I testing frequency for at least 60 days. At such time the person returns to employment, if the licensee has not previously met the standard, the licensee shall be subject to completing a full year at Level I of the testing frequency schedule, otherwise Level II testing shall be in effect.

IV. TOLLING

A Board may postpone all testing for any person whose probation is placed in a tolling status if the overall length of the probationary period is also tolled. A licensee shall notify the Board upon the licensee's return to California and shall be subject to testing as provided in this standard. If the licensee returns to employment in a health care field, and has not previously met the standard, the licensee shall be subject to completing a full year at Level I of the testing frequency schedule, otherwise Level II testing shall be in effect.

V. SUBSTANCE USE DISORDER NOT DIAGNOSED

In cases where no current substance use disorder diagnosis is made, a lesser period of monitoring and toxicology screening may be adopted by the Board, but no less than 24 times per year.

OTHER DRUG STANDARDS

Drug testing may be required on any day, including weekends and holidays.

The scheduling of drug tests shall be done on a random basis, preferably by a computer program, so that a licensee can make no reasonable assumption of when he/she will be tested again. The Board should be prepared to report data to support back-to-back testing as well as, numerous different intervals of testing.

Licensees shall be required to make daily contact with the Board to determine if drug testing is required.

Licensees shall be drug tested on the date of notification as directed by the Board.

Specimen collectors must either be certified by the Drug and Alcohol Testing Industry Association or have completed the training required to serve as a collector for the U.S. Department of Transportation. Specimen collectors must adhere to the current U.S. Department of Transportation Specimen Collection Guidelines.

Testing locations shall comply with the Urine Specimen Collection Guidelines published by the U.S. Department of Transportation, regardless of the type of test administered.

Collection of specimens shall be observed.

Prior to vacation or absence, alternative drug testing location(s) must be approved by the Board.

Laboratories shall be certified and accredited by the U.S. Department of Health and Human Services.

A collection site must submit a specimen to the laboratory within one (1) business day of receipt. A chain of custody shall be used on all specimens. The laboratory shall process results and provide legally defensible test results within seven (7) days of receipt of the specimen. The Board will be notified of non-negative test results within one (1) business day and will be notified of negative test results within seven (7) business days.

The Board may use other testing methods in place of, or to supplement biological fluid testing, if the alternate testing method is appropriate.

5. PARTICIPATION IN GROUP SUPPORT MEETINGS

When determining the frequency of required group meeting attendance, the Board shall give consideration to the following:

- recommendation of the clinical diagnostic evaluation pursuant to Uniform Standard #1;
- the licensee's history;
- the documented length of sobriety/time that has elapsed since substance use;
- the recommendation of the clinical evaluator;
- the scope and pattern of use;
- the licensee's treatment history; and,
- the nature, duration, and severity of substance abuse.

Group Meeting Facilitator Qualifications and Requirements:

1. The meeting facilitator must have a minimum of three (3) years experience in the treatment and rehabilitation of substance abuse, and shall be licensed or certified by the state or other nationally certified organizations.
2. The meeting facilitator must not have had a financial relationship, personal relationship, or business relationship with the licensee in the last five (5) years.
3. The group meeting facilitator shall provide to the Board a signed document showing the licensee's name, the group name, the date and location of the meeting, the licensee's attendance, and the licensee's level of participation and progress.
4. The facilitator shall report any unexcused absence within 24 hours.

6. DETERMINING WHAT TREATMENT IS NECESSARY

In determining whether inpatient, outpatient, or other type of treatment is necessary, the Board shall consider the following criteria:

- license type;
- licensee's history;
- documented length of sobriety/time that has elapsed since substance abuse;
- scope and pattern of substance use;
- licensee's treatment history;
- licensee's medical history and current medical condition;
- nature, duration, severity of substance abuse, and
- threat to self or the public.

7. WORKSITE MONITOR REQUIREMENTS

If the Board determines that a worksite monitor is necessary for a particular licensee, the worksite monitor shall meet the following requirements to be considered for approval by the Board.

1. The worksite monitor shall not have any financial, personal, or a familial relationship with the licensee, or any other relationship that could reasonably be expected to compromise the ability of the monitor to render impartial and unbiased reports to the Board. If it is impractical for anyone but the licensee's employer to serve as the worksite monitor, this requirement may be waived by the Board; however, under no circumstances shall a licensee's worksite monitor be an employee of the licensee.
2. The worksite monitor's license shall include the scope of practice of the licensee that is being monitored or be another health care professional if no monitor with like practice is available.
3. The worksite monitor shall have an active unrestricted license, with no disciplinary action within the last five (5) years.
4. The worksite monitor shall sign an affirmation that he or she has reviewed the terms and conditions of the licensee's disciplinary order and/or contract and agrees to monitor the licensee as set forth by the Board.
5. The worksite monitor must adhere to the following required methods of monitoring the licensee:
 - a. Have face-to-face contact with the licensee in the work environment on a frequent basis as determined by the Board, at least once per week.
 - b. Interview other staff in the office regarding the licensee's behavior, if applicable.
 - c. Review the licensee's work attendance.

Reporting by the worksite monitor to the Board shall be as follows:

1. Any suspected substance abuse must be verbally reported to the Board and the licensee's employer within one (1) business day of occurrence. If occurrence is not during the Board's normal business hours the verbal report must be within one (1) hour of the next business day. A written report shall be submitted to the Board within 48 hours of occurrence.
2. The worksite monitor shall complete and submit a written report monthly or as directed by the Board. The report shall include:
 - the licensee's name;
 - license number;
 - worksite monitor's name and signature;
 - worksite monitor's license number;
 - worksite location(s);

- dates licensee had face-to-face contact with monitor;
- staff interviewed, if applicable;
- attendance report;
- any change in behavior and/or personal habits;
- any indicators that can lead to suspected substance abuse.

The licensee shall complete the required consent forms and sign an agreement with the worksite monitor and the Board to allow the Board to communicate with the worksite monitor.

8. PROCEDURE FOR POSITIVE TESTING

When a licensee tests positive for a banned substance:

1. The Board shall order the licensee to cease practice;
2. The Board shall contact the licensee and instruct the licensee to leave work; and
3. The Board shall notify the licensee's employer, if any, and worksite monitor, if any, that the licensee may not practice.

Thereafter, the Board will determine whether the positive drug test is in fact evidence of prohibited use. If so, proceed to Standard #9. If not, the Board shall immediately lift the cease practice order. In determining whether the positive test is evidence of prohibited use, the Board will engage in the following, as applicable:

1. Consult the specimen collector and the laboratory;
2. Communicate with the licensee and/or any physician who is treating the licensee; and
3. Communicate with any treatment provider, including group facilitator(s).

9-10. MAJOR/MINOR VIOLATIONS & CONSEQUENCES

Major violations include, but are not limited to the following:

1. Failure to complete a Board-ordered program or evaluation;
2. Committing two or more minor violations of probation;
3. Treating a patient while under the influence of drugs or alcohol;
4. Committing any drug or alcohol offense, or any other offense that may or may not be related to drugs or alcohol, that is a violation of the Business and Professions Code or state or federal law;
5. Failure to appear or provide a sample in accordance with the "biological fluid testing" term and condition;
6. Testing positive for a banned substance;
7. Knowingly using, making, altering or possessing any object or product in such a way as to defraud a drug test designed to detect the presence of alcohol or a controlled substance.
8. Failure to adhere to any suspension or restriction in practice.
