CONTINUING EDUCATION COURSE APPROVAL APPLICATION

\$50 Mandatory Fee

Pursuant to California Code of Regulations (CCR) § 1536, the Board will approve continuing education (CE) courses after receiving the applicable fee, the requested information below and it has been determined that the course meets criteria specified in CCR § 1536(g).

In addition to the information requested below, please attach a copy of the course schedule, a detailed course outline and presentation materials (e.g., PowerPoint presentation). Applications must be submitted 45 days prior to the course presentation date.

Please type or print clearly.

Course Title: I've seen that before
Course Presentation Date: 11/06/2016

Course Provider Contact Information

Provider Name: Lisette Rosales
(First) (Last) (Middle)

Provider Mailing Address: Street 4353 Park Terrace Dr. #150 City Westlake Village State CA Zip 91361

Provider Email Address: L.Rosales@doughertylaser vision.com

Will the proposed course be open to all California licensed optometrists? [X] YES [] NO

Do you agree to maintain and furnish to the Board and/or attending licensee such records of course content and attendance as the Board requires, for a period of at least three years from the date of course presentation? [X] YES [] NO

Course Instructor Information

Please provide the information below and attach the curriculum vitae for each instructor or lecturer involved in the course. If there are more instructors in the course, please provide the requested information on a separate sheet of paper.

Instructor Name: Ryan Vida
(First) (Last) (Middle)

License Number: 15687720676 License Type:

Phone Number: (805) 987-5300 Email Address: Rvida@doughertylaser vision.com

I declare under penalty of perjury under the laws of the State of California that all the information submitted on this form and on any accompanying attachments submitted is true and correct.

Signature of Course Provider: [Handwritten Signature]

Date: 2.15.17

Ryan Vida presentation start and end time: 3:00 p.m.-4:00 p.m.= 1 hour

Cornea Grand Rounds 1hr Lecture

Presenter Ryan Vida, OD, FAAO

The lecture will be images only to stimulate discussion and questions amongst audience members. The cases are unique and will be used for three reasons. The first is so the audience can hear my treatment recommendations and compare to what they would say to the patient. The second is to use these unique cases to discuss topics seen more commonly in a primary care optometry office including, but not limited to, refractive surgery options for patients, dry eye treatment, specialty contact lens options, managing patients post cataract and ICL surgery. These will be the major take home points for the audience members. Finally the cases will serve as a trigger should the optometrists ever see something similar they will have this lecture to fall back on and be able to properly assess and make necessary recommendations/referrals

Cornea Grand Rounds – 1 hr lecture

Outline

1. Perioperative Dry Eye
 - a. Case History and Discussion
 - b. Causes of dry eye after lasik and LRI
 - c. Options for dry eye treatment in surgical and non- surgical patients
 - i. Oral supplements
 - ii. Punctal plug options
 - iii. Systemic causes
 - iv. Eye drop medications available on market
2. Intacs
 - a. Case History and Discussion
 - b. Intacs overview
 - i. When to recommend
 - ii. Risks/benefits
 - iii. Clinical pearls
 1. Normal vs abnormal findings
3. Post op management of IOL patients
 - a. Case History and Discussion
 - b. Normal vs Abnormal findings
 - i. Corneal edema
 - ii. CME
 - iii. PCO
 - iv. Rebound Iritis
4. Treatment Options for High Rx Patients
 - a. Case History and Discussion
 - b. Options for surgical intervention
 - i. ICL
 1. Hyperopic vs myopic vs toric
 - ii. Refractive Lens Exchange
 - iii. Laser Surgery
5. Corneal Ulcer Review
 - a. Case History and Discussion
 - b. Fungal Corneal Ulcers
 - i. Eye drops vs Oral treatment options
 - ii. When to refer, culture vs treat
 - iii. Treatment of non vision threatening ulcers
6. Corneal Dystrophy
 - a. Case History and Discussion
 - i. DDX

Cornea Grand Rounds
aka
"I know I saw that one time"

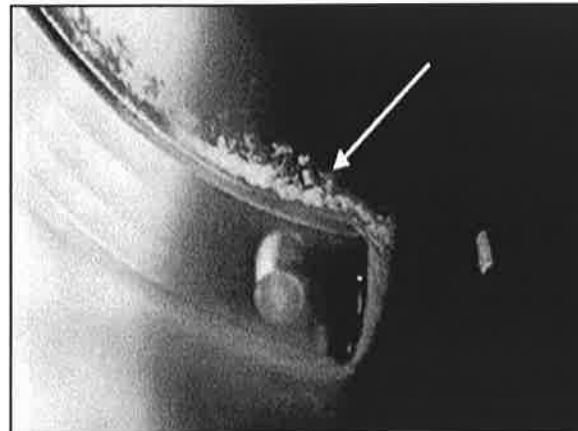

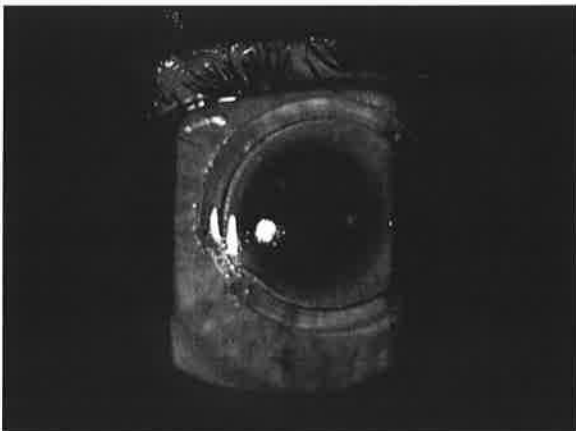

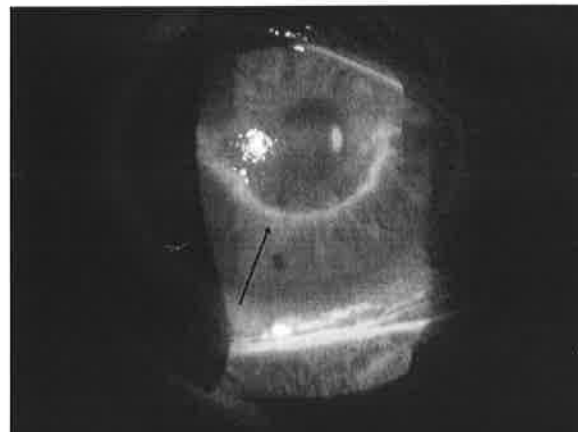

RYAN VIDA, OD, FFAO
DOUGHERTY LASER VISION
WESTERN UNIVERSITY OF HEALTH SCIENCES
UNIVERSITY OF SOUTHERN CALIFORNIA LOS ANGELES

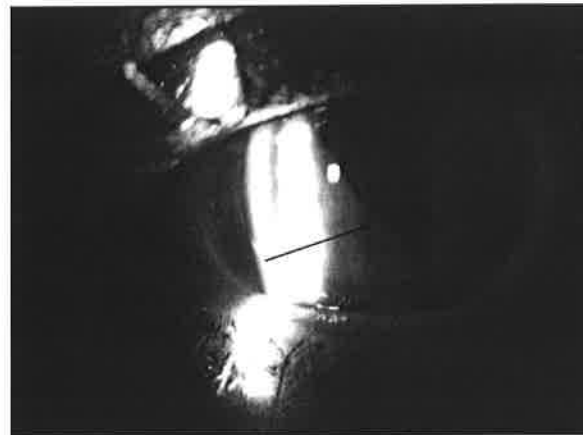

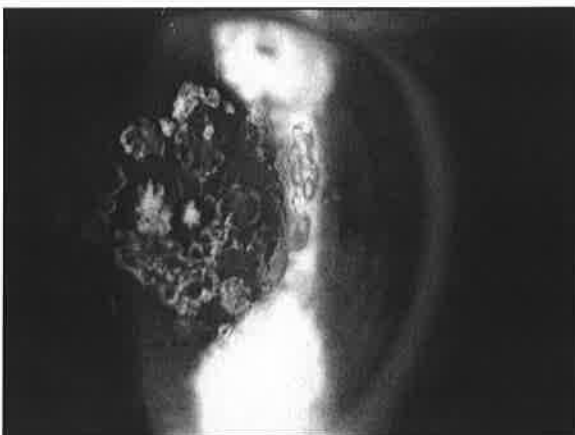

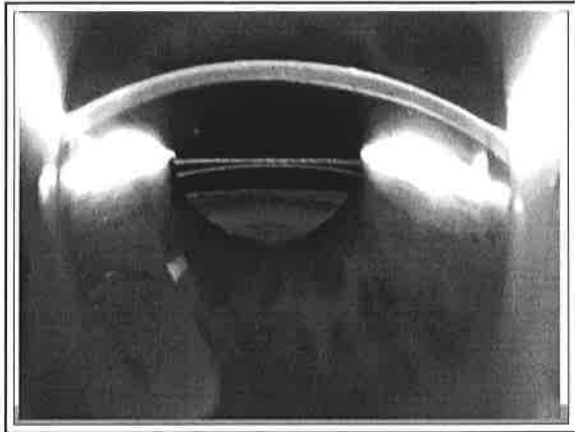

About me

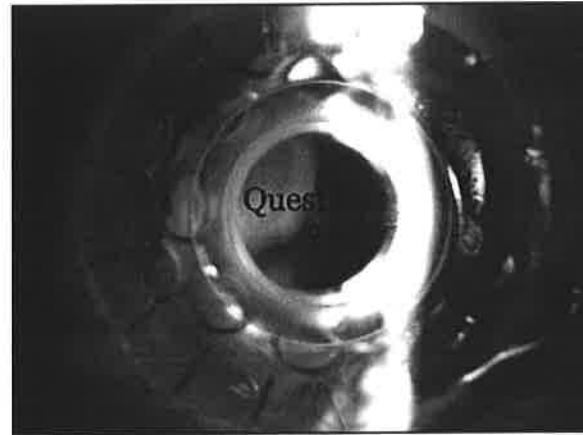

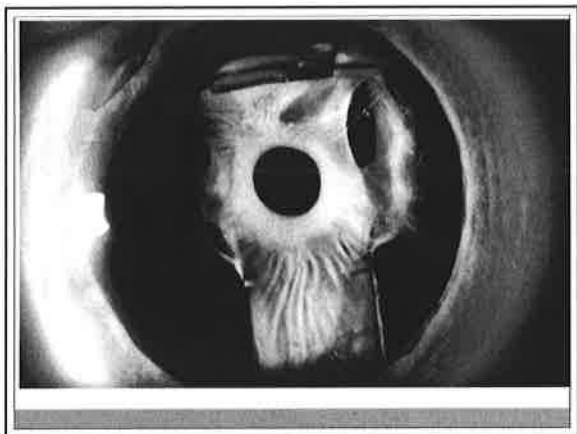

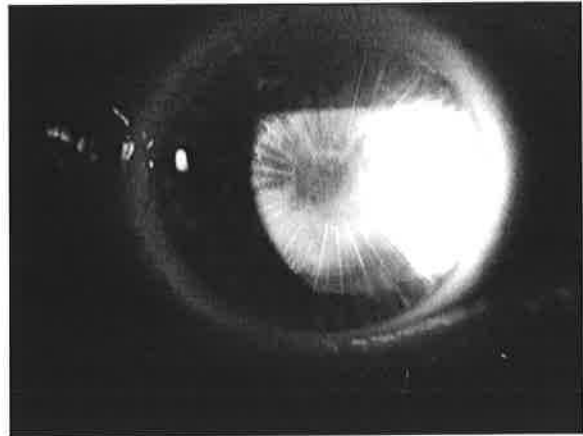

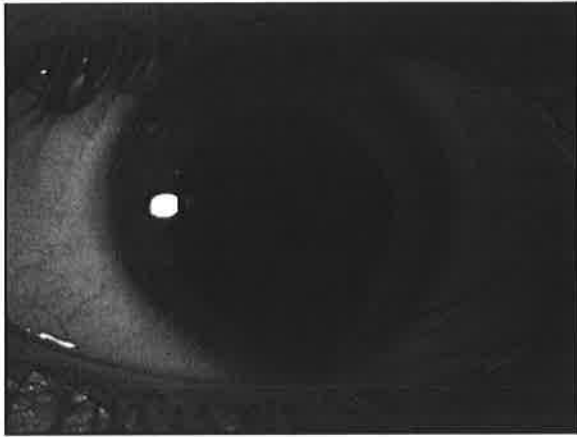

- Residency – Wang Vision Institute (Nashville, TN)
- Clinical Faculty – University of Rochester Medical Center (Rochester, NY)
 - Cornea and refractive services
- Dougherty Laser Vision (Los Angeles, CA)
- Western University of Health Sciences
- University of California Los Angeles

Course Goals

- Share interesting cases that you may have never seen/managed before
- I want to use these cases, not necessarily to show how to manage these specifically, but so you can take small pointers away from each case that you can use in clinic for patients you will encounter on a daily basis
- Plus, if one of these does sit down in front of you, you may remember this lecture and it will help you troubleshoot.

RYAN S. VIDA

1600 EAST AVE APT 712
ROCHESTER, NY 14610

EXPERIENCE:

Clinical Faculty / Senior Instructor Flaum Eye Institute Refractive Surgery Center University of Rochester Medical Center <i>Rochester, NY</i>	<i>Oct '11 – Oct '12</i>
Refractive and Ocular Surgery Resident Wang Vision Institute <i>Nashville, TN</i>	<i>Jun '10 – Jul '11</i>
Intern Clinician VA Medical Center <i>Perry Pointe, MD</i>	<i>Mar '10 – May '10</i>
Intern Clinician VA Medical Center <i>Huntington, WV</i>	<i>Nov '10 – Feb '10</i>
Intern Clinician Atwater Eye Care Center <i>Bloomington, IN</i>	<i>Aug '09 – Nov '09</i>
Intern Clinician Indianapolis Eye Care Center <i>Indianapolis, IN</i>	<i>May '09 – Aug '09</i>

EDUCATION:

Refractive and Ocular Surgery Optometry Residency Wang Vision Institute <i>Nashville, TN</i>	<i>Jun '10 – Jul '11</i>
Doctor of Optometry Indiana University School of Optometry <i>Bloomington, IN</i>	<i>May '06 – May '10</i>
B.A. Biology Duquesne University <i>Pittsburgh, PA</i>	<i>Aug '02 – May '06</i>

PROFESSIONAL ACTIVITIES/AWARDS:

Awarded Fellowship Status American Academy of Optometry	Oct '11
National Topography Consult team	Jun '10 –present
Keratoconus Gene Study supervisor In coordination with San Diego University	Dec '10 – Jan '11
Cornea fellowship coordinator – WVI	Nov '10 –Jan '10
AAO room monitor – San Francisco	Oct '10

LECTURES:

<i>Surgical Options to correct Ammetropia</i> (CME approved) University of Rochester 57 th Annual Ophthalmology Conference	Mar '12
<i>Overview of Refractive and IOL Surgery Options</i> University of Rochester Medical Center Clerkship	Feb '12
<i>Cornea YIKES!</i> (COPE approved) Rochester Optometric Society Meeting, NY	Jan '12
<i>Introduction to Refractive Surgery</i> University of Rochester Medical Center Medical Student Ophthalmology Intensive Week	Dec '11
<i>Case of Diminished Vision after High Hyperopic Femto LASIK</i> American Academy of Ophthalmology Subspecialty Day Wang, M presenter. Vida, R course coordinator	Nov '11
<i>Topo Technologies and FFKC Criteria</i> (COPE approved) Tennessee Optometric Society Meeting	Apr '11
<i>Ocular Emergencies</i> (COPE approved) Tennessee State Ophthalmic Technician CE	Mar '11
<i>Brushing up on Phone Triage</i> (COPE approved) Tennessee State Ophthalmic Technician CE	Sept '10
<i>Refractive Surgery Basics</i> (COPE approved) Tennessee State Ophthalmic Technician CE	Sept '10
<i>Topography Grand Rounds</i> (COPE approved) Tennessee Optometric Society Meeting	Aug '10
<i>Cornea Grand Rounds</i> (COPE approved) Tennessee Optometric Society Meeting	Aug '10
