

**AVAILABILITY OF MODIFIED TEXT AND
DOCUMENTS ADDED TO RULEMAKING FILE**

NOTICE IS HEREBY GIVEN that the Board of Optometry has proposed modifications to the text of section 1571 in Title 16 of Cal. Code Reg. which were the subject of a regulatory hearing on December 22, 2009. A copy of the modified text, including any documents incorporated by reference, is enclosed. Any person who wishes to comment on the proposed modifications may do so by submitting written comments on or before April 8, 2010 to the following:

Andrea Leiva, Policy Analyst
Board of Optometry
2424 Del Paso Road, Ste. 255
Sacramento, CA 95834
Telephone: 916-575-7182
Fax No.: 916-575-7292
Email: andrea_leiva@dca.ca.gov

Please note that any comments should be restricted to the most recent modifications made to the proposed regulations. The board is not required to respond to comments received in response to this notice on other aspects of the proposed regulations. Any comments previously submitted remain in the rulemaking file.

NOTICE IS HEREBY GIVEN that the following document(s) are being added to the rulemaking record for the regulatory proceeding concerning section(s) 1571 in Title 16 of Cal. Code Reg.:

1. Glaucoma Diagnosis and Treatment Advisory Committee Optometry Report
2. AOA Bulletin from Counsel regarding DPA's
3. ACEO Accreditation Process
4. Assembly Committee on Business and Professions Codes Senate bill 1406 Analysis

5. Guidelines for Glaucoma Certification – Final Product of the July 31, 2009 Meeting by the schools and colleges of optometry to assist in the development of CCR 1571

The above documents are now available for public inspection and/or comment until April 8, 2010 at the location above.

DATED: March 24, 2010

MONA MAGGIO
Executive Officer
Board of Optometry

**BOARD OF OPTOMETRY
MODIFIED TEXT**

Changes to the originally proposed language are shown by double underline for new text and underline with strikeout for deleted text.

Adopt section 1571 of Division 15 of Title 16 of the California Code of Regulations to read as follows:

§ 1571. Requirements for Glaucoma Certification.

(a) Only optometrists meeting the requirements of this Article may apply for certification for the treatment of glaucoma as described in subdivision (j) of Section 3041, in patients over 18 years of age. The optometrist shall:

- (1) Hold an active license as an optometrist in California in good standing with the State Board of Optometry (Board);
- (2) Be certified to use Therapeutic Pharmaceutical Agents (TPA) pursuant to Section 3041.3;
- (3) Complete a didactic course of no less than 24 hours in the diagnosis, pharmacological and other treatment and management of glaucoma. The following topics may be covered in the course:
 - (A) Anatomy and physiology of glaucoma
 - (B) Classification of glaucoma
 - (C) Pharmacology in glaucoma therapy
 - (D) Diagnosis of glaucoma including risk factors analysis
 - (E) Medical and surgical treatment
 - (F) Participant performance assessment; and

(4) Complete a Case Management Requirement where a minimum of 25 patients are prospectively treated for a minimum of 12 consecutive months ~~12-month period~~. The following options may be chosen in any combination to fulfill this requirement:

(A) Case Management Course: Completion of a 16-hour case management course developed cooperatively by ~~an~~ the accredited California schools ~~or~~ and colleges of optometry and approved by the Board, with at least 15 cases of moderate to advanced complexity. The course may be conducted live, over the Internet, or by use of telemedicine. One hour of the program will be used for a final competency examination. The program will count as a 15-patient credit towards the Case Management Requirement. The full course must be completed to receive the 15-patient credit. The course must include the following topics/conditions:

- (1) Presentation of conditions/cases that licensees may treat:
 - (a) All primary open-angle glaucoma;
 - (b) Exfoliation and pigmentary glaucoma;
- (2) Presentation of conditions/cases that licensees may not treat, but must recognize and refer to the appropriate physician and/or surgeon such as:
 - (a) Pseudoglaucoma with vascular, malignant, or compressive etiologies;
 - (b) Secondary glaucoma;
 - (c) Traumatic glaucoma;
 - (d) Infective or inflammatory glaucoma;

- (e) Appropriate evaluation and analysis for medical or surgical consultation;
- (f) In an emergency, if possible, stabilization of acute attack of angle closure and immediate referral of the patient.

(B) Grand Rounds Program: Completion of a 16-hour grand rounds program developed cooperatively by an the accredited California schools or and colleges of optometry and approved by the Board, wherein participants will evaluate and create a management plan for live patients. The program will count as a 15-patient credit towards the Case Management Requirement. The full program must be completed to receive the 15-patient credit. Patients must be evaluated in person. The program must include the following:

- (1) Presentation of various patient types such as: glaucoma suspects; narrow angle, primary open angle glaucoma (early, moderate, late); and secondary open angle glaucoma such as pigment dispersion and pseudoexfoliation. Patient data, including but not limited to, visual acuities, intra-ocular pressures, visual fields, imaging, and pachymetry, will be available on-site and presented upon request;
- (2) Examination of patients, evaluation of data and test results, and commitment to a tentative diagnosis, treatment, and management plan;
- (3) Participation in group discussion of the cases with instructor feedback;
- (4) Attendance of follow-up meetings (within the 16-hour program requirement) where the same or different patients will be used-reviewed via serial data, including but not limited to from visual fields, and imaging photos, and etc.

(C) Preceptorship Program: Completion of a preceptorship program where each patient must be initially evaluated by the optometrist and co-managed with a preceptor. Each patient must be prospectively treated for in a minimum of 12 consecutive months 12-month period. A preceptor for purposes of this section is defined as:

- (1) A California licensed, Board certified ophthalmologist in good standing; or
- (2) A California licensed optometrist in good standing, who has been glaucoma certified for two or more years.

Preceptors shall confirm the diagnosis and treatment plan, and then approve the therapeutic goals and management plan for each patient. Consultation with the preceptor must occur at appropriate clinical intervals or when the therapeutic goals are not achieved. Clinical data will be exchanged at appropriate intervals determined by the preceptor and the licensee. Telemedicine and electronic exchange of information may be used as agreed upon by the preceptor and the licensee. Each patient that is seen by the optometrist in the program will count as a 1-patient credit towards the Case Management Requirement.

(b) Licensees that are glaucoma certified pursuant to this Section shall be required to complete 10 hours of glaucoma specific optometric continuing education every license renewal period. These 10 hours shall be part of the required 35 hours on the diagnosis, treatment and management of ocular disease.

(c) Licensees who completed their education from an accredited school or college of optometry on or after May 1, 2008, are exempt from the didactic course and case management requirements of this Section, provided they submit proof of graduation from that institution to the Board.

(d) Licensees who graduated from an accredited school or college of optometry prior to May 1, 2000, and who have not completed a didactic course of no less than 24 hours will be required to take the 24-hour course indicated in subsection (a). Licensees who graduated from an

accredited school or college of optometry after May 1, 2000, are exempt from the didactic course requirement of this Section.

(ed) Licensees who graduated from an accredited school or college of optometry prior to May 1, 2008, and who have taken a didactic course of no less than 24 hours, but not completed the case management requirement under SB 929 [Stats. 2000, ch. 676, § 3], will be required to complete the 25-patient case management requirement indicated in subsection (a).

(fe) Licensees who started the process for certification to treat glaucoma under SB 929 [Stats. 2000, ch. 676, § 3] but will not complete the requirements by December 31, 2009, may apply all patients who have been co-managed prospectively for at least one consecutive year towards the 25-patient case management requirement.
