Subject: Agenda Item 18 – Presentation by the Department of Motor Vehicles Regarding the Disabled Parking Placard Program and its Recent State Audit

The State Auditor recently conducted an audit of DMV's disabled parking placard program and made some recommendations on how to improve the program, and those recommendations can be found [here](#). A key part of those recommendations include involvement of the DCA boards that oversee the licensees who can complete the DMV form used to obtain a placard.

To begin the process to implement these recommendations, DMV met with healthcare boards in late June. The Board's Executive Officer was unable to attend the meeting; however, she extended an invite to DMV to provide a presentation on the matter at hand and how the Board may assist the DMV at the August Board meeting.

Representatives accepted the invitation to present during the August meeting. Presentation materials, if any, will be provided to members and posted online as they are available.
