Subject: **Agenda Item 5 – Update, Discussion and Possible Action Regarding Draft Dispenser and Optician Disciplinary Guidelines and Suggested Regulations; Recommendation to Full Board**

During the April 19, 2018 meeting, the DOC began the review of draft RDO Disciplinary Guidelines but due to a full agenda, only had about a half hour to discuss. The discussion centered around the language in the draft regulations for the triggering of a finding of a “substance-abusing licensee” for purposes of application of the uniform standards. The Committee agreed that the language in (b) of the draft regulation captured their recommendation.

Requested Action:

Please continue to discuss and consider approving the draft disciplinary guidelines and regulatory language incorporating the uniform standards and disciplinary guidelines. The guidelines contain comments for consideration and discussion during the August 2 meeting.

Background:

While reviewing during the November 2017 meeting, the Dispensing Optician Committee (DOC) agreed with staff that further discussion was necessary to determine if/how some optional conditions are applicable to registrants. The DOC also requested the addition of recommended discipline examples to be used for administrative law judges, the Attorney General’s Office, and staff, as the optometry examples were not applicable.

The DOC formed a Subcommittee (Ruby Garcia and Bill Kysella) to work with staff on applying the uniform standards, drafting proposed regulatory language, developing standard and optional probation conditions, and drafting the “Recommended Discipline.” The attached guidelines resulted from prior DOC meetings and subsequent DOC Subcommittee meetings with staff and the Board’s Deputy Attorney General Liaison.

As a reminder, probation is not meant to be punitive; it is a tool the Board uses to proactively monitor probationers to assess rehabilitation. Imposed discipline/probation conditions should address the violation and help prevent future occurrences.

Once approved, the subcommittee will proceed with developing a worksite monitoring plan, auditing plan, and quarterly report referenced in the guidelines.

RECOMMENDED DISCIPLINE BASED ON VIOLATION 36

INTRODUCTION

The California State Board of Optometry's (hereafter Board) mission is to protect the health and safety of California consumers through licensing, registration, education, and regulation of the practice of Optometry and Opticianry.

In keeping with its mandate to protect the consumer of optometric/opticianry services from the unsafe, incompetent and/or negligent optometrists and opticians, the Board has adopted the following recommended guidelines for disciplinary orders and conditions of probation for violations of the Business and Professions Code.

The Board's disciplinary guidelines were designed for use by Administrative Law Judges, attorneys from the Office of the Attorney General, licensees, Board staff and others involved in the Board's disciplinary process and are to be followed in all disciplinary actions involving the Board. The Board has the final authority over the disposition of its cases, and to complete its work, it utilizes the Office of the Attorney General and the Office of Administrative Hearings.

This manual includes factors to be considered in aggravation or mitigation, guidelines to be used by Administrative Law Judges for a violation(s) of specific statutes, and standard and specialty probationary terms and conditions.

If, at the time of hearing, the Administrative Law Judge finds that the Respondent for any reason is not capable of safe practice, the Board favors outright revocation of the license. If, however, the Respondent has demonstrated a capacity to practice ~~optometry~~ safely, a stayed revocation order with probation is recommended.

Suspension of a license may also be appropriate where the public may be better protected if the practice of the optician is suspended in order to correct deficiencies in skills, education, or personal rehabilitation.

The Board recognizes that these recommended ~~penalties and conditions of probation~~ are merely guidelines and that aggravating or mitigating circumstances and other factors may necessitate deviation from these guidelines in particular cases.

PUBLIC RECORD

It is the Board's policy that all letters of license denial, citations issued and final decisions will be published as a matter of public record and shall be available on the Internet, pursuant to Business and Professions Code, section 27.

COST RECOVERY

The Board seeks recovery of all investigative and prosecution costs in all disciplinary cases. The costs include all charges incurred from the Office of the Attorney General, the Division of Investigation, and Board services, including, but not limited to, expert consultant opinions and services, pursuant to Business and Professions Code, section 125.3. The Board seeks recovery of these costs because the burden for payment of the costs of investigation and prosecution of disciplinary cases should fall upon those whose proven conduct required investigation and prosecution, not upon the profession as a whole.

PROBATION MONITORING PURPOSE

The purpose of the probation monitoring program is to maintain public protection by proactively monitoring probationers to ensure terms and conditions are met. The Board will work to:

- 1) Allow for the probationer's rehabilitation if that is his/her choice;
- 2) Allow the probationer an opportunity to practice in a professional manner with restrictions and guidance from a community support system and designated probation monitor to prevent future occurrences; and
- 3) Allow for education of the individual as to the responsibilities, requirements and professionalism mandated of an optician.

It is the policy of the Board that if a probationer is found to be in violation of any term of probation at any time during the probation period, the Board shall immediately be notified of the violation so that disciplinary action may be considered.

CITATIONS

The Board has the authority to issue citations and fines for violations of several sections of the Business and Professions Code and Board regulations. Citations issued may include an order for abatement, a fine, or both. Citations are issued at the discretion of the Board. The issuance of a citation is separate from and may be in addition to any other administrative discipline, civil remedies, or criminal penalties. (California Code of Regulations section 1399.380(h)). Any prior citation may be used in future actions as aggravating evidence.

STIPULATED SETTLEMENTS

The Board will consider stipulated settlements to promote cost effectiveness and to expedite disciplinary decisions if such agreements are consistent with the Board's mandate.

DISCIPLINARY GUIDELINES

2017 EDITION

EVIDENCE IN AGGRAVATION/MITIGATION OF DISCIPLINE

The following are examples of aggravating and mitigating circumstances which may be considered by Administrative Law Judges in providing for discipline in their proposed decisions:

EVIDENCE IN AGGRAVATION OF DISCIPLINE

1. Patient's trust, health, safety or well-being was jeopardized.
2. Patient's or employer's trust violated (e.g., theft, embezzlement, fraud).
3. History of prior discipline.
4. Patterned behavior: Respondent has a history of one or more violations or convictions related to the current violation(s).
5. Perjury on official Board forms.
6. Violent nature of crime or act.
7. Violation of Board Probation.
8. Failure to provide a specimen for testing in violation of terms and conditions of probation.
9. Commission of any crime against a minor, or while knowingly in the presence of, or while caring for, a minor.

EVIDENCE IN MITIGATION OF DISCIPLINE

1. Recognition by Respondent of his or her wrongdoing and demonstration of corrective action to prevent recurrence.
2. Respondent was forthcoming and reported violation or conviction to the Board.
3. A substantial amount of time since the violation or conviction occurred.
4. No prior criminal or disciplinary history.

**DISCIPLINARY GUIDELINES SUMMARY FOR USE BY
ADMINISTRATIVE LAW JUDGES**

To establish consistency in discipline for similar offenses on a statewide basis, the Board of Optometry has adopted these uniform disciplinary guidelines for particular violations. This document, designed for use by administrative law judges, attorneys, opticians and ultimately the Board, shall be revised from time to time following public hearing by the Board and will be disseminated to interested parties upon request.

Additional copies of this document may be obtained by contacting the Board of Optometry at its offices in Sacramento, California. There may be a charge assessed sufficient to cover the cost of production and dissemination of copies. In determining the appropriate discipline, consideration should be given to any mitigating or aggravating circumstances. All decisions shall include cost recovery in accordance with Business and Professions Code section 125.3.

The Board recognizes that these penalties and conditions of probation are merely guidelines and that mitigating or aggravating circumstances may necessitate deviations. If there are deviations or omissions from the guidelines, the Board would request that the Administrative Law Judge hearing the matter include some statement of this in the proposed decision so that the circumstances can be better understood and evaluated by the Board upon review of the proposed decision and before its ultimate action is taken.

These guidelines are incorporated by reference in §1575 of Division 15 of Title 16 of the California Code of Regulations.

§ 1399.280. Registered Dispensing Optician Program Disciplinary Guidelines and Uniform Standards Related to Substance Abusing Licensees.

(a) In reaching a decision on a disciplinary action under the Administrative Procedures Act (Government Code Section 11400 et seq.), the Optometry Board of California shall consider and apply the "Registered Dispensing Optician Program Disciplinary Guidelines and Uniform Standards Related to Substance Abusing Licensees (3/2018)," which is hereby incorporated by reference. Deviation from the guidelines, including the standard terms of probation, is appropriate where the California State Board of Optometry, in its sole discretion, determines that the facts of the particular case warrant such deviation - for example: the presence of mitigating factors; the age of the case; evidentiary problems.

(b) Notwithstanding subsection (a), if after notice and hearing conducted in accordance with Chapter 5, Part 1, Division 3, Title 2 of the Government Code (commencing with sections 11500 et seq.), the Board finds that the evidence establishes that an individual is a substance-abusing licensee for purposes of section 315 of the Code, then in addition to any and all other relevant terms and conditions contained in the disciplinary guidelines, the terms and conditions that incorporate the Uniform Standards Related to Substance-Abusing Licensees shall apply, without deviation, and be used in any probationary order of the Board affecting that licensee.

(c) Nothing in this Section shall prohibit the Board from imposing additional terms or conditions of probation that are specific to a particular case or that are derived from the Board's guidelines in any order that the Board determines would provide greater public protection.

§ ~~1399.280~~. UNIFORM STANDARDS RELATED TO SUBSTANCE ABUSE AND DISCIPLINARY GUIDELINES

§ ~~1399.280~~. Uniform Standards Related to Substance Abuse and Disciplinary Guidelines

(a) In reaching a decision on a disciplinary action under the Administrative Procedures Act (Government Code Section 11400 et seq.), the Board of Optometry shall comply with the "Uniform Standards Related to Substance Abuse" (Uniform Standards) and consider the "Disciplinary Guidelines" (DG ~~1399.280~~) which are hereby incorporated by reference. The Disciplinary Guidelines apply to all disciplinary matters; Uniform Standards apply to a substance-abusing licensee.

(b) Subject to subdivision (c), deviation from the Disciplinary Guidelines, including the standard terms of probation, is appropriate where the Board, in its sole discretion, determines that the facts of the particular case warrant such a deviation - for example: the presence of mitigating factors; the age of the case; evidentiary problems.

(c) Notwithstanding subsection (b), the Board shall use the Uniform Standards for a substance-abusing licensee for purposes of Section 315 of the Code, without deviation, for each individual determined to be a substance-abusing licensee pursuant to subsection (d).

(d) If a licensee has not yet been identified as a substance-abusing licensee (for example, through stipulation) in a case involving drugs and/or alcohol, a clinical diagnostic evaluation shall be ordered and the provisions of the Uniform Standards may, in the discretion of the Board, be made contingent upon a clinical diagnostic evaluator's report that the individual is a substance-abusing licensee. The clinical diagnostic evaluator's report shall be submitted in its entirety to the Board.

Note: Authority cited: Sections 2546.3, 2558, and 315, Business and Professions Code; and Section 11400.20, Government Code. Reference: Sections 315, 315.2, 315.4, 480, and 2555, Business and Professions Code; Sections 11400.20 and 11425.50(e), Government Code.

UNIFORM STANDARDS FOR SUBSTANCE-ABUSING REGISTRANTS

Pursuant to Business and Professions Code §315, the following standards shall be adhered to in all cases in which an optician/dispenser's registration is placed on probation because the optician/dispenser is a substance-abusing registrant. These standards are not guidelines and shall be followed in all instances, except that the Board may impose more restrictive conditions if necessary to protect the public.

1. CLINICAL DIAGNOSTIC EVALUATION

If a clinical diagnostic evaluation is ordered, the following applies:

The clinical diagnostic evaluation shall be conducted by a licensed practitioner who:

- holds a valid, unrestricted license, which includes scope of practice to conduct a clinical diagnostic evaluation;
- has three (3) years experience in providing evaluations of health professionals with substance abuse disorders; and,
- is approved by the Board.

The clinical diagnostic evaluation shall be conducted in accordance with acceptable professional standards for conducting substance abuse clinical diagnostic evaluations. The clinical diagnostic evaluation report shall:

- set forth, in the evaluator's opinion, whether the licensee has a substance abuse problem;
- set forth, in the evaluator's opinion, whether the licensee is a threat to himself/herself or others; and,
- set forth, in the evaluator's opinion, recommendations for substance abuse treatment, practice restrictions, or other recommendations related to the licensee's rehabilitation and safe practice.

The evaluator shall not have a financial relationship, personal relationship, or business relationship with the licensee within the last five years. The evaluator shall provide an objective, unbiased, and independent evaluation.

If the evaluator determines during the evaluation process that a licensee is a threat to himself/herself or others, the evaluator shall notify the Board within 24 hours of such a determination.

For all evaluations, a final written report shall be provided to the Board no later than ten (10) days from the date the evaluator is assigned the matter unless the evaluator requests additional information to complete the evaluation, not to exceed 30 days.

2. REMOVAL FROM PRACTICE PENDING CLINICAL DIAGNOSTIC EVALUATION

The Board shall order the licensee to cease practice during the clinical diagnostic evaluation pending the results of the clinical diagnostic evaluation and review by Board staff.

While awaiting the results of the clinical diagnostic evaluation required in Uniform Standard #1, the licensee shall be randomly drug tested at least two (2) times per week.

After reviewing the results of the clinical diagnostic evaluation, and the criteria below, a probation manager shall determine, whether or not the licensee is safe to return to either part-time or full-time practice. However, no licensee shall return to practice until he or she has at least 30 days of negative drug tests.

- the license type;
- the documented length of sobriety/time that has elapsed since substance use;

- the scope, pattern of use, and history of drug/alcohol use;
- the treatment history;
- the licensee's medical history and current medical condition;
- the nature, duration and severity of substance abuse, and
- whether the licensee is a threat to himself/herself or the public.

3. BOARD COMMUNICATION WITH PROBATIONER'S EMPLOYER

The licensee shall provide to the Board the names, physical addresses, mailing addresses, and telephone numbers of all employers and supervisors and shall give specific written consent that the licensee authorizes the Board and the employers and supervisors to communicate regarding the licensee's work status, performance, and monitoring.

4. DRUG TESTING STANDARDS

The following standards shall govern all aspects of testing required to determine abstinence from alcohol and drugs for any person whose license is placed on probation due to substance use:

Testing Frequency Schedule

A Board may order a licensee to drug test at anytime. Additionally, each licensee shall be tested RANDOMLY in accordance with the schedule below:

Level	Segment of Probation/Diversion	Minimum Range of Number of Random Tests
I	Year 1	52-104 per year
II*	Year 2+	36-104 per year

*The minimum range of 36-104 tests identified in level II is for the second year of probation and each year thereafter.

Nothing precludes the Board from increasing the number of random tests for any reason. If the Board finds or suspects that a licensee has committed a violation of the Board's testing program or committed a Major Violation, as identified in Uniform Standard 10, the Board may reestablish the testing cycle by placing that licensee at the beginning of level I in addition to any other disciplinary action that may be pursued.

Exception to Testing Frequency Schedule

I. PREVIOUS TESTING/SOBRIETY

In cases where the Board has evidence that a licensee has participated in a treatment or monitoring program requiring random testing, prior to being subject to testing by the Board, the Board may give consideration to that testing in altering the testing frequency schedule so that it is equivalent to this standard.

II. VIOLATION(S) OUTSIDE OF EMPLOYMENT

An individual whose license is placed on probation for a single conviction or incident or two convictions or incidents, spanning greater than seven years from each other, where those violations did not occur at work or while on the licensee's way to work, where alcohol or drugs were a contributing factor, may bypass Level I and participate in Level II of the testing frequency schedule.

III. NOT EMPLOYED IN HEALTH CARE FIELD

The Board may reduce testing frequency to a minimum of 12 times per year for any person who is not practicing OR working in any health care field. If a reduced testing frequency schedule is established for this reason, a licensee shall notify and secure the approval of the Board. Prior to

returning to any healthcare employment, the licensee shall be subject to Level I testing frequency for at least 60 days. At such time the person returns to employment, if the licensee has not previously met the standard, the licensee shall be subject to completing a full year at Level I of the testing frequency schedule, otherwise Level II testing shall be in effect.

IV. TOLLING

A Board may postpone all testing for any person whose probation is placed in a tolling status if the overall length of the probationary period is also tolled. A licensee shall notify the Board upon the licensee's return to California and shall be subject to testing as provided in this standard. If the licensee returns to employment in a health care field, and has not previously met the standard, the licensee shall be subject to completing a full year at Level I of the testing frequency schedule, otherwise Level II testing shall be in effect.

V. SUBSTANCE USE DISORDER NOT DIAGNOSED

In cases where no current substance use disorder diagnosis is made, a lesser period of monitoring and toxicology screening may be adopted by the Board, but no less than 24 times per year.

OTHER DRUG STANDARDS

Drug testing may be required on any day, including weekends and holidays.

The scheduling of drug tests shall be done on a random basis, preferably by a computer program, so that a licensee can make no reasonable assumption of when he/she will be tested again. The Board should be prepared to report data to support back-to-back testing as well as, numerous different intervals of testing.

Licensees shall be required to make daily contact with the Board to determine if drug testing is required.

Licensees shall be drug tested on the date of notification as directed by the Board.

Specimen collectors must either be certified by the Drug and Alcohol Testing Industry Association or have completed the training required to serve as a collector for the U.S. Department of Transportation. Specimen collectors must adhere to the current U.S. Department of Transportation Specimen Collection Guidelines.

Testing locations shall comply with the Urine Specimen Collection Guidelines published by the U.S. Department of Transportation, regardless of the type of test administered.

Collection of specimens shall be observed.
Prior to vacation or absence, alternative drug testing location(s) must be approved by the Board.

Laboratories shall be certified and accredited by the U.S. Department of Health and Human Services.

A collection site must submit a specimen to the laboratory within one (1) business day of receipt. A chain of custody shall be used on all specimens. The laboratory shall process results and provide legally defensible test results within seven (7) days of receipt of the specimen. The Board will be notified of non-negative test results within one (1) business day and will be notified of negative test results within seven (7) business days.

The Board may use other testing methods in place of, or to supplement biological fluid testing, if the alternate testing method is appropriate.

5. PARTICIPATION IN GROUP SUPPORT MEETINGS

When determining the frequency of required group meeting attendance, the Board shall give consideration to the following:

- recommendation of the clinical diagnostic evaluation pursuant to Uniform Standard #1;
- the licensee's history;
- the documented length of sobriety/time that has elapsed since substance use;
- the recommendation of the clinical evaluator;
- the scope and pattern of use;
- the licensee's treatment history; and,
- the nature, duration, and severity of substance abuse.

Group Meeting Facilitator Qualifications and Requirements:

1. The meeting facilitator must have a minimum of three (3) years experience in the treatment and rehabilitation of substance abuse, and shall be licensed or certified by the state or other nationally certified organizations.
2. The meeting facilitator must not have had a financial relationship, personal relationship, or business relationship with the licensee in the last five (5) years.
3. The group meeting facilitator shall provide to the Board a signed document showing the licensee's name, the group name, the date and location of the meeting, the licensee's attendance, and the licensee's level of participation and progress.
4. The facilitator shall report any unexcused absence within 24 hours.

6. DETERMINING WHAT TREATMENT IS NECESSARY

In determining whether inpatient, outpatient, or other type of treatment is necessary, the Board shall consider the following criteria:

- license type;
- licensee's history;
- documented length of sobriety/time that has elapsed since substance abuse;
- scope and pattern of substance use;
- licensee's treatment history;
- licensee's medical history and current medical condition;
- nature, duration, severity of substance abuse, and
- threat to self or the public.

7. WORKSITE MONITOR REQUIREMENTS

If the Board determines that a worksite monitor is necessary for a particular licensee, the worksite monitor shall meet the following requirements to be considered for approval by the Board.

1. The worksite monitor shall not have any financial, personal, or a familial relationship with the licensee, or any other relationship that could reasonably be expected to compromise the ability of the monitor to render impartial and unbiased reports to the Board. If it is impractical for anyone but the licensee's employer to serve as the worksite monitor, this requirement may be waived by the Board; however, under no circumstances shall a licensee's worksite monitor be an employee of the licensee.
2. The worksite monitor's license shall include the scope of practice of the licensee that is being monitored or be another health care professional if no monitor with like practice is available.
3. The worksite monitor shall have an active unrestricted license, with no disciplinary action within the last five (5) years.

4. The worksite monitor shall sign an affirmation that he or she has reviewed the terms and conditions of the licensee's disciplinary order and/or contract and agrees to monitor the licensee as set forth by the Board.
5. The worksite monitor must adhere to the following required methods of monitoring the licensee:
 - a. Have face-to-face contact with the licensee in the work environment on a frequent basis as determined by the Board, at least once per week.
 - b. Interview other staff in the office regarding the licensee's behavior, if applicable.
 - c. Review the licensee's work attendance.

Reporting by the worksite monitor to the Board shall be as follows:

1. Any suspected substance abuse must be verbally reported to the Board and the licensee's employer within one (1) business day of occurrence. If occurrence is not during the Board's normal business hours the verbal report must be within one (1) hour of the next business day. A written report shall be submitted to the Board within 48 hours of occurrence.
2. The worksite monitor shall complete and submit a written report monthly or as directed by the Board. The report shall include:
 - the licensee's name;
 - license number;
 - worksite monitor's name and signature;
 - worksite monitor's license number;
 - worksite location(s);
 - dates licensee had face-to-face contact with monitor;
 - staff interviewed, if applicable;
 - attendance report;
 - any change in behavior and/or personal habits;
 - any indicators that can lead to suspected substance abuse.

The licensee shall complete the required consent forms and sign an agreement with the worksite monitor and the Board to allow the Board to communicate with the worksite monitor.

8. PROCEDURE FOR POSITIVE TESTING

When a licensee tests positive for a banned substance:

1. The Board shall order the licensee to cease practice;
2. The Board shall contact the licensee and instruct the licensee to leave work; and
3. The Board shall notify the licensee's employer, if any, and worksite monitor, if any, that the licensee may not practice.

Thereafter, the Board will determine whether the positive drug test is in fact evidence of prohibited use. If so, proceed to Standard #9. If not, the Board shall immediately lift the cease practice order. In determining whether the positive test is evidence of prohibited use, the Board will engage in the following, as applicable:

1. Consult the specimen collector and the laboratory;
2. Communicate with the licensee and/or any physician who is treating the licensee; and

SEVERABILITY CLAUSE

Each condition of probation contained herein is a separate and distinct condition. If any condition of this Order, or any application thereof, is declared unenforceable in whole, in part, or to any extent, the remainder of this Order and all other applicants thereof, shall not be affected. Each condition of this Order shall separately be valid and enforceable to the fullest extent permitted by law.

1. OBEY ALL LAWS

Respondent shall obey all federal, state, and local laws, governing the practice of [optometry/opticianry] in California.

Respondent shall notify the Board in writing within 72 hours of any incident resulting in his/her arrest, or charges filed against, or a citation issued against Respondent.

CRIMINAL COURT ORDERS: If Respondent is under criminal court orders by any governmental agency, including probation or parole, and the orders are violated, this shall be deemed a violation of probation and may result in the filing of an accusation or petition to revoke probation or both.

OTHER BOARD OR REGULATORY AGENCY ORDERS: If Respondent is subject to any other disciplinary order from any other health-care related board or any professional licensing or

certification regulatory agency in California or elsewhere, and violates any of the orders or conditions imposed by other agencies, this shall be deemed a violation of probation and may result in the filing of an accusation or petition to revoke probation or both.

2. QUARTERLY REPORTS

Respondent shall file quarterly reports of compliance under penalty of perjury to the probation monitor assigned by the Board. Quarterly report forms will be provided by the Board (DG-QR1 (05/2012)). Omission or falsification in any manner of any information on these reports shall constitute a violation of probation and shall result in the filing of an accusation and/or a petition to revoke probation against Respondent's [~~optometrist license~~/Registered Dispensing Optician/Spectacle Lens Dispenser/Contact Lens Dispenser registrations]. Respondent is responsible for contacting the Board to obtain additional forms if needed. Quarterly reports are due for each year of probation throughout the entire length of probation as follows:

- For the period covering January 1st through March 31st, reports are to be completed and submitted between April 1st and April 7th.
- For the period covering April 1st through June 30th, reports are to be completed and submitted between July 1st and July 7th.
- For the period covering July 1st through September 30th, reports are to be completed and submitted between October 1st and October 7th.
- For the period covering October 1st through December 31st, reports are to be completed and submitted between January 1st and January 7th.

Failure to submit complete and timely reports shall constitute a violation of probation.

3. COOPERATE WITH PROBATION MONITORING PROGRAM

Respondent shall comply with the requirements of the Board's probation monitoring program, and shall, upon reasonable request, report or personally appear as directed.

Respondent shall claim all certified mail issued by the Board, respond to all notices of reasonable requests timely, and submit Reports, Identification Update reports or other reports similar in nature, as requested and directed by the Board or its representative.

Respondent is encouraged to contact the Board's probation monitoring program representative at any time he/she has a question or concern regarding his/her terms and conditions of probation.

Failure to appear for any scheduled meeting or examination, or cooperate with the requirements of the program, including timely submission of requested information, shall constitute a violation of probation and may result in the filing of an accusation and/or a petition to revoke probation against Respondent's [~~Optometrist license~~/Registered Dispensing Optician/Spectacle Lens Dispenser/Contact Lens Dispenser registrations].

4. PROBATION MONITORING COSTS

All costs incurred for probation monitoring during the entire probation shall be paid by the Respondent. The monthly cost may be adjusted as expenses are reduced or increased. Respondent's failure to comply with all terms and conditions may also cause this amount to be increased.

All payments for costs are to be sent directly to the Board of Optometry and must be received by the date(s) specified. (Periods of tolling will not toll the probation monitoring costs incurred.)

If Respondent is unable to submit costs for any month, he/she shall be required, instead, to submit an explanation of why he/she is unable to submit the costs, and the date(s) he/she will be able to submit the costs, including payment amount(s). Supporting documentation and evidence of why the Respondent is unable to make such payment(s) must accompany this submission.

Respondent understands that failure to submit costs timely is a violation of probation and submission of evidence demonstrating financial hardship does not preclude the Board from pursuing further disciplinary action. However, Respondent understands that by providing evidence and supporting documentation of financial hardship it may delay further disciplinary action.

In addition to any other disciplinary action taken by the Board, an unrestricted registration will not be issued at the end of the probationary period and the registration will not be renewed, until such time as all probation monitoring costs have been paid.

5. FUNCTION AS ~~[AN OPTOMETRIST]~~/REGISTERED DISPENSING OPTICIAN/SPECTACLE LENS DISPENSER/CONTACT LENS DISPENSER

Respondent shall function as ~~[an optometrist]~~/a registered dispensing optician/spectacle lens dispenser/contact lens dispenser for a minimum of 60 hours per month for the entire term of his/her probation period.

6. NOTICE TO EMPLOYER

Respondent shall provide to the Board the names, physical addresses, mailing addresses, and telephone number of all employers and supervisors and shall give specific, written consent that the Respondent authorizes the Board and the employers and supervisors to communicate regarding the Respondent's work status, performance, and monitoring. Monitoring includes, but is not limited to, any violation of any probationary term and condition.

Respondent shall be required to inform his/her employer, and each subsequent employer during the probation period, of the discipline imposed by this decision by providing his/her supervisor and director and all subsequent supervisors and directors with a copy of the decision and order, and the accusation in this matter prior to the beginning of or returning to employment or within 14 calendar days from each change in a supervisor or director.

The Respondent must ensure that the Board receives written confirmation from the employer that he/she is aware of the Discipline, on forms to be provided to the Respondent (DG-Form 1 (05/2012)). The Respondent must ensure that all reports completed by the employer are submitted from the employer directly to the Board. Respondent is responsible for contacting the Board to obtain additional forms if needed.

7. CHANGES OF EMPLOYMENT OR RESIDENCE

Respondent shall notify the Board, and appointed probation monitor in writing, of any and all changes of employment, location, and address within 14 calendar days of such change. This includes but is not limited to applying for employment, termination or resignation from employment, change in employment status, and change in supervisors, administrators or directors.

Respondent shall also notify his/her probation monitor AND the Board IN WRITING of any changes of residence or mailing address within 14 calendar days. P.O. Boxes are accepted for mailing purposes; however the Respondent must also provide his/her physical residence address as well.

8. COST RECOVERY

Respondent shall pay to the Board a sum not to exceed the costs of the investigation and prosecution of this case. That sum shall be \$ _____ and shall be paid in full directly to the Board, in a Board-approved payment plan, within 6 months before the end of the Probation term. Cost recovery will not be tolled.

If Respondent is unable to submit costs timely, he/she shall be required instead to submit an explanation of why he/she is unable to submit these costs in part or in entirety, and the date(s) he/she will be able to submit the costs, including payment amount(s). Supporting documentation and evidence of why the Respondent is unable to make such payment(s) must accompany this submission.

Respondent understands that failure to submit costs timely is a violation of probation and submission of evidence demonstrating financial hardship does not preclude the Board from pursuing further disciplinary action. However, Respondent understands that by providing evidence and supporting documentation of financial hardship may delay further disciplinary action.

Consideration to financial hardship will not be given should Respondent violate this term and condition, unless an unexpected AND unavoidable hardship is established from the date of this order to the date payment(s) is due.

9. VALID LICENSE STATUS

Respondent shall maintain a current, active and valid ~~[license/registration]~~ for the length of the probation period. Failure to pay all fees and meet CE requirements prior to his/her ~~[license/registration]~~ expiration date shall constitute a violation of probation.

10. TOLLING FOR OUT-OF-STATE RESIDENCE OR PRACTICE

Periods of residency or practice outside California, whether the periods of residency or practice are temporary or permanent, will toll the probation period but will not toll the cost recovery requirement, nor the probation monitoring costs incurred. Travel outside of California for more than 30 calendar days must be reported to the Board in writing prior to departure. Respondent shall notify the Board, in writing, within 14 calendar days, upon his/her return to California and prior to the commencement of any employment where representation as an ~~[optometrist/registered dispensing optician/spectacle lens dispenser/contact lens dispenser registration]~~ is/was provided.

Respondent's ~~[license/registration]~~ shall be automatically cancelled if Respondent's periods of temporary or permanent residence or practice outside California total two years. However, Respondent's ~~[license/registration]~~ shall not be cancelled as long as Respondent is residing and practicing in another state of the United States and is on active probation with the licensing authority of that state, in which case the two year period shall begin on the date probation is completed or terminated in that state.

11. ~~[LICENSE/REGISTRATION]~~ SURRENDER

During Respondent's term of probation, if he/she ceases practicing due to retirement, health reasons, or is otherwise unable to satisfy any condition of probation, Respondent may surrender his/her license to the Board. The Board reserves the right to evaluate Respondent's request and exercise its discretion whether to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances, without further hearing. Upon formal acceptance of the tendered license and wall certificate, Respondent will no longer be subject to

the conditions of probation. All costs incurred (i.e., Cost Recovery and Probation Monitoring) are due upon reinstatement.

Surrender of Respondent's license shall be considered a Disciplinary Action and shall become a part of Respondent's license history with the Board.

12. VIOLATION OF PROBATION

If Respondent violates any term of the probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an accusation or a petition to revoke probation is filed against Respondent during probation, the Board shall have continuing jurisdiction and the period of probation shall be extended until the matter is final. No petition for modification of discipline shall be considered while there is an accusation or petition to revoke probation or other discipline pending against Respondent.

13. COMPLETION OF PROBATION

Upon successful completion of probation, Respondent's ~~license~~/registration shall be fully restored.

14. SALE OR CLOSURE OF AN OFFICE AND/OR PRACTICE

If Respondent sells or closes his or her office after the imposition of administrative discipline, Respondent shall ensure that patients are refunded money for work/services not completed or provided, and shall not misrepresent to anyone the reason for the sale or closure of the office and/or practice. The provisions of this condition in no way authorize the practice of optometry by the Respondent during any period of license suspension.

STANDARD ALCOHOL/DRUG CONDITIONS

The following standards are in addition to standards 1-16 and apply to every licensee who is on probation for substance abuse, pursuant to Business and Professions Code §315 Uniform Standards.

- 15. Abstinence From Use of Controlled Substances/Alcohol
- 16. Biological Fluid Testing

15. ABSTENTION FROM USE OF CONTROLLED SUBSTANCES/ALCOHOL

Respondent shall abstain completely from the use or possession of alcohol, any and all other mood altering drugs or substances, and their associated paraphernalia. Respondent shall identify for the Board, a single physician, nurse practitioner or physician assistant who shall be aware of Respondent's history of substance abuse and will coordinate and monitor any prescriptions for Respondent for dangerous drugs, controlled substances, or mood altering drugs. The coordinating physician, nurse practitioner, or physician assistant shall report to the Board on a quarterly basis. Quarterly reports are due for each year of probation throughout the entire length of probation as follows:

- For the period covering January 1st through March 31st, reports are to be completed and submitted between April 1st and April 7th.
- For the period covering April 1st through June 30th, reports are to be completed and submitted between July 1st and July 7th.
- For the period covering July 1st through September 30th, reports are to be completed and submitted between October 1st and October 7th.
- For the period covering October 1st through December 31st, reports are to be completed and submitted between January 1st and January 7th.

The quarterly report shall include, but not be limited to:

1. the Respondent's name;
2. [license/registration] number;
3. physician, nurse practitioner, or physician assistant's name and signature;
4. physician, nurse practitioner, or physician assistant's license number;
5. dates Respondent had face-to-face contact or correspondence (written and verbal) with physician, nurse practitioner, or physician assistant;
6. the Respondent's compliance with this condition;
7. if any substances have been prescribed, identification of a program for the time-limited use of any substances;
8. any change in behavior and/or personal habits;
9. assessment of the Respondent's ability to practice safely;
10. recommendation dependant on Respondent's progress and compliance with this condition on whether to continue with current prescription plan and/or treatment, modify plan and/or treatment, or require Respondent to cease practice;
11. other relevant information deemed necessary by the physician, nurse practitioner, physician, or the Board.

Respondent is ultimately responsible for ensuring his/her physician, nurse practitioner or physician assistant submits complete and timely reports. Failure to ensure each submission of complete and timely reports shall constitute a violation of probation.

The Board may require a single coordinating physician, nurse practitioner, or physician assistant to be a specialist in addictive medicine, or to consult with a specialist in addictive medicine.

Respondent shall execute a release authorizing the release of pharmacy and prescribing records as well as physical and mental health medical records. Respondent shall also provide information of treating physicians, counselors or any other treating professional as requested by the Board.

Respondent shall ensure that he/she is not in the presence of or in the same physical location as individuals who are using illegal substances, even if Respondent is not personally ingesting the drug(s). Any positive result that registers over the established laboratory cut off level shall constitute a violation of probation and shall result in the filing of an accusation and/or a petition to revoke probation against Respondent's optometric license.

Respondent also understands and agrees that any positive result that registers over the established laboratory cut off level shall be reported to each of Respondent's employers.

16. BIOLOGICAL FLUID TESTING

Respondent, at his/her expense, shall participate in random testing, including but not limited to biological fluid testing (i.e. urine, blood, saliva), breathalyzer, hair follicle testing, or any drug screening program approved by the Board. The length of time shall be for the entire probation period. The Respondent will be randomly drug tested at the frequency outlined in Uniform Standards for Substance Abuse #4.

Respondent shall make daily contact to determine if he/she is required to submit a specimen for testing, including weekends and holidays, at a lab approved by the Board. Board representatives may also appear unannounced, at any time to collect a specimen. All collections will be observed.

At all times Respondent shall fully cooperate with the Board or any of its representatives, and shall, when directed, appear for testing as requested and submit to such tests and samples for the detection of alcohol, narcotics, hypnotic, dangerous drugs or other controlled substances. All alternative testing sites, due to vacation or travel outside of California, must be approved by the Board prior to the vacation or travel.

If Respondent is unable to provide a specimen in a reasonable amount of time from the request, Respondent understands that, while at the work site, any Board representative may request from the supervisor, manager or director on duty to observe Respondent in a manner that does not interrupt or jeopardize patient care in any manner until such time Respondent provides a specimen acceptable to the Board.

If Respondent tests positive for a prohibited substance per his/her probationary order, Respondent's license shall be automatically suspended. The Board will contact the Respondent and his/her employers, supervisors, managers, work site monitors, and contractors and notify them that Respondent's license has been suspended as a result of a positive test. Thereafter, the Board may contact the specimen collector, laboratory, Respondent, treating physician, treatment provider and support group facilitators to determine whether the positive test is in fact evidence of prohibited use. If the Board determines the positive test is not evidence of prohibited use, the Board shall immediately reinstate the license and inform the Respondent and others previously contacted, that the license is no longer suspended.

Failure to submit to testing on the day requested, or appear as requested by any Board representative for testing, as directed, shall constitute a violation of probation and shall result in the filing of an accusation and/or a petition to revoke probation against Respondent's ~~optometrist license~~ registration.

Such services shall begin no later than 15 calendar days after Respondent is notified of the approved program.

The notice described above shall be approved by the Board within 30 calendar days of the effective date of this decision.

Commented [SJ1]: The DOC may want to consider the consumer protection benefit to this requirement (if any) when it applies to CLD/SLD registrants. Should this be an optional condition for RDOs only?

20. ALCOHOL AND DRUG TREATMENT

Respondent, at his/her expense, shall successfully complete a treatment regime at a recognized and established program in California of at least six months duration and approved by the Board. The treatment program shall be successfully completed within the first nine months of probation. The program director, psychiatrist, or psychologist shall confirm that Respondent has

complied with the requirement of this decision and shall notify the Board immediately if he/she believes the Respondent cannot safely practice. Respondent shall sign a release allowing the program to release to the Board all information the Board deems relevant.

Respondent shall inform the program director, psychiatrist or psychologist, of his/her probationary status with the Board, and shall cause that individual to submit monthly reports to the Board providing information concerning Respondent's progress and prognosis. Such reports shall include results of biological fluid testing.

Positive results shall be reported immediately to the Board and may be used in administrative discipline.

21. WORKSITE MONITOR

Within 30 calendar days of the effective date of this decision, Respondent shall submit to the Board or its designee for prior approval as a worksite monitor, the name and qualifications of an optometrist or board certified ophthalmologist, and a plan of practice in which Respondent's practice shall be monitored by the approved worksite monitor. The worksite monitor's license scope of practice shall include the scope of practice of the Respondent that is being monitored. The worksite monitor shall have an active unrestricted license, with no disciplinary action within the last five (5) years. The worksite monitor shall not have any financial, personal, or familial relationship with the Respondent, or other relationship that could reasonably be expected to compromise the ability of the monitor to render impartial and unbiased reports to the Board. If it is impractical for anyone but the licensee's employer to serve as the worksite monitor, this requirement may be waived by the Board; however, under no circumstances shall a licensee's worksite monitor be an employee of the licensee. Any cost for such monitoring shall be paid by Respondent.

Commented [SJ2]: The DOC may want to consider making this more applicable to opticians. This includes a worksite monitor plan which would also need to be created.

The Board or its designee shall provide the approved worksite monitor with copies of the decision(s) and accusation(s), and a proposed monitoring plan. Within 15 calendar days of receipt of the decision(s), accusation(s), and proposed monitoring plan, the worksite monitor shall sign an affirmation that he or she has reviewed the terms and conditions of the licensee's disciplinary order, fully understands the role of worksite monitor, and agrees or disagrees with the proposed monitoring plan set forth by the Board. If the worksite monitor disagrees with the proposed monitoring plan, the worksite monitor shall submit a revised worksite monitoring plan with the signed affirmation for approval by the Board or its designee.

Within 60 calendar days of the effective date of this decision, and continuing throughout probation, Respondent's practice shall be monitored by the approved worksite monitor. Respondent shall make all records available for immediate inspection and copying on the premises by the worksite monitor at all times during business hours and shall retain the records for the entire term of probation.

If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective date of this decision, Respondent shall receive a notification from the Board or its designees to cease the practice of optometry within three (3) calendar days after being so notified. Respondent shall cease practice until a worksite monitor is approved to provide worksite monitoring responsibility.

The worksite monitor must adhere at a minimum, to the following required methods of monitoring the Respondent:

- a) Have face-to-face contact with the Respondent in the work environment on a frequent basis as determined by the Board, at least once per week.
- b) Interview other staff in the office regarding the Respondent's behavior, if applicable.
- c) Review the Respondent's work attendance.

The Respondent shall complete the required consent forms and sign an agreement with the worksite monitor and the Board to allow the Board to communicate with the worksite monitor.

The worksite monitor must submit quarterly reports documenting the Respondent's work performance. Reports are due for each year of probation and the entire length of probation from the worksite monitor as follows:

- For the period covering January 1st through March 31st, reports are to be completed and submitted between April 1st and April 7th.
- For the period covering April 1st through June 30th, reports are to be completed and submitted between July 1st and July 7th.
- For the period covering July 1st through September 30th, reports are to be completed and submitted between October 1st and October 7th.
- For the period covering October 1st through December 31st, reports are to be completed and submitted between January 1st and January 7th.

The quarterly report shall include, but not be limited to:

1. the Respondent's name;
2. license number;
3. worksite monitor's name and signature;

6. dates Respondent had face-to-face contact or correspondence (written and verbal) with monitor;
7. staff interviewed, if applicable;
8. attendance report;
9. any change in behavior and/or personal habits;
10. assessment of the Respondent's ability to practice safely;
11. recommendation dependant on Respondent's performance on whether to continue with current worksite monitor plan or modify the plan;
12. other relevant information deemed necessary by the worksite monitor or the Board.

Respondent is ultimately responsible for ensuring his/her worksite monitor submits complete and timely reports. Failure to ensure his/her worksite monitor submits complete and timely reports shall constitute a violation of probation.

If the monitor resigns or is no longer available, Respondent shall, within five (5) calendar days of such resignation or unavailability, submit in writing to the Board or its designee, for prior approval, the name and qualifications of a replacement worksite monitor who will be assuming that responsibility within 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a notification from the Board or its designee to cease the practice of optometry within three (3) calendar days. After being so notified, Respondent shall cease practice until a replacement monitor is approved and assumes monitoring responsibility.

22. DIRECT SUPERVISION

During the period of probation, Respondent shall be under the direct supervision of a registered contact/spectacle lens dispenser ~~an optometrist or ophthalmologist~~ holding a current and valid un-restricted ~~license registration issued by their respective Board~~. "Direct supervision" means assigned to an optometrist who is on duty and immediately available in the assigned patient area. The Board shall be informed in writing of and approve the level of supervision provided to

the Respondent while he/she is functioning as a licensed optometrist. The appropriate level of supervision must be approved by the Board prior to engaging in practice.

Supervisor Quarterly Reports of Performance are due for each year of probation and the entire length of probation from each employer, as follows:

- For the period covering January 1st through March 31st, reports are to be completed and submitted between April 1st and April 7th.
- For the period covering April 1st through June 30th, reports are to be completed and submitted between July 1st and July 7th.
- For the period covering July 1st through September 30th, reports are to be completed and submitted between October 1st and October 7th.
- For the period covering October 1st through December 31st, reports are to be completed and submitted between January 1st and January 7th.

The quarterly report shall include, but not be limited to:

1. the Respondent's name;
2. license number;
3. direct supervisor's name and signature;
4. direct supervisor's license number;
5. worksite location(s);
6. dates Respondent had face-to-face contact or correspondence (written and verbal) with direct supervisor;
7. staff interviewed, if applicable;
8. attendance report;
9. any change in behavior and/or personal habits;
10. assessment of the Respondent's ability to practice safely;
11. recommendation dependant on Respondent's performance on whether to continue with current direct supervisor plan or modify the plan;
12. other relevant information deemed necessary by the direct supervisor or the Board.

Respondent is ultimately responsible for ensuring his/her supervisor submits complete and timely reports. Failure to ensure each supervisor submits complete and timely reports shall constitute a violation of probation.

23. REMEDIAL EDUCATION

~~Respondent shall take and successfully complete the equivalency of (Ex:) semester units in each of the following areas pertaining to the practice of dispensing: (Ex: eye disease, when to refer, contact lenses). All course work shall be taken at the graduate level at an accredited or approved educational institution that offers a qualifying degree for licensure as an optometrist, or through a course approved by the Board. Classroom attendance must be specifically required. Course content shall be pertinent to the violation and all course work must be completed within one year from the effective date of this decision. Successful completion is a grade of "C" or "70%" or better for any completed course.~~

~~Within 90 calendar days of the effective date of the decision Respondent shall submit a plan for prior Board approval for meeting these educational requirements. All costs of the course work shall be paid by the Respondent. Units obtained for an approved course shall not be used for continuing education units required for renewal of licensure.~~

Commented [SJ3]: Subcommittee and staff recommends deleting this section. Since graduate level coursework is not required for licensure, it is not appropriate to require this of a probationer. If the Board feels a probationer could use additional training, the Board could order continuing education.

24. SUSPENSION

As part of probation, Respondent shall be suspended from the practice of optometry for a period of _____ (Ex: 90 calendar days) beginning the effective date of this decision. If not employed as an ~~optometrist-optician/dispenser~~ or if currently on any other type of leave from employment, the suspension shall be served once employment has been established or reestablished and prior to the end of the probationary period. Respondent shall ensure that each employer informs the Board, in writing, that it is aware of the dates of suspension.

25. EMPLOYMENT LIMITATIONS

Respondent shall not work in any health care setting as a supervisor of ~~optometrists/opticians/dispensers~~. The Board may additionally restrict Respondent from supervising technicians and/or unlicensed assistive personnel on a case-by-case basis.

Respondent shall not work as a faculty member in an approved school of ~~optometry-opticianry~~ or as an instructor in a Board-approved continuing education program.

Respondent shall work only in a regularly assigned, identified and predetermined worksite(s) and shall not work in a "float" capacity.

Commented [SJ4]: The DOC may want to consider who a registrant can and cannot supervise with this limitation; one RDO location could have one registered dispenser with several unlicensed individuals working under that registrant. The RDO would be forced to hire another registered CLD/SLD

26. PSYCHOTHERAPY OR COUNSELING PROGRAM

Within 30 calendar days of the effective date of this decision, Respondent shall submit to the Board for its prior approval the name and qualifications of a psychotherapist, or counselor of Respondent's choice. Upon approval, Respondent shall undergo and continue treatment, at Respondent's cost, until such time as the Board releases him/her from this requirement and only upon the recommendation of the treating psychotherapist or counselor.

The treating psychotherapist or counselor must submit quarterly reports. Reports are due each year of probation and the entire length of probation from the treating psychotherapist or counselor as follows:

- For the period covering January 1st through March 31st, reports are to be completed and submitted between April 1st and April 7th.
- For the period covering April 1st through June 30th, reports are to be completed and submitted between July 1st and July 7th.
- For the period covering July 1st through September 30th, reports are to be completed and submitted between October 1st and October 7th.
- For the period covering October 1st through December 31st, reports are to be completed and submitted between January 1st and January 7th.

The quarterly report shall include, but not be limited to:

1. the Respondent's name;
2. license number;
3. psychotherapist or counselor's name and signature;
4. psychotherapist or counselor's license number;
5. dates Respondent had face-to-face contact or correspondence (written and verbal) with psychotherapist or counselor;
6. the Respondent's compliance with this condition;
7. the Respondent's diagnosis, prognosis, and progress;
8. if any substances have been prescribed, identification of a program for the time-limited use of any substances;
9. any change in behavior and/or personal habits;
10. assessment of the Respondent's ability to practice safely;

11. recommendation dependant on Respondent's progress and compliance with this condition on whether to continue with current treatment plan, modify plan treatment plan, or require Respondent to cease practice;
12. other relevant information deemed necessary by the psychotherapist, counselor or the Board.

Respondent is ultimately responsible for ensuring his/her treating psychotherapist or counselor submits complete and timely reports. Failure to ensure each submission of complete and timely reports shall constitute a violation of probation.

The Board may require Respondent to undergo psychiatric or psychological evaluations by a Board- approved psychiatrist or psychologist.

NOTE: This condition is for those cases where the evidence demonstrates that the Respondent has had impairment (mental illness, alcohol abuse and drug abuse) related to the violations but is not at present a danger to patients.

27. MENTAL HEALTH EVALUATION

Respondent shall, within 30 calendar days of the effective date of this decision, and on a periodic basis thereafter as may be required by the Board or its designee, to submit to a mental health evaluation, including psychological testing as appropriate, to determine his/her capability to perform the duties of a ~~dispenser/optician/optometrist~~. The evaluation will be performed by a psychiatrist, psychologist or other licensed mental health practitioner approved by the Board. An immediate suspension may be imposed by the Board until further notification if the results from the mental health evaluation prove the Respondent is unsafe to practice.

If Respondent fails to have the above evaluation submitted to the Board within the 30 calendar day requirement, Respondent shall immediately cease practice and shall not resume practice until notified by the Board. This period of suspension will not apply to the reduction of this probationary time period. The Board may waive or postpone this suspension only if significant, documented evidence of mitigation is provided. Such evidence must establish good faith efforts by Respondent to obtain the evaluation, and a specific date for compliance must be provided. Only one such waiver or extension may be permitted.

Following the evaluation, Respondent shall comply with all restrictions or conditions recommended by the evaluator within 15 calendar days after being notified by the Board or its designee. If Respondent is required by the Board or its designee to undergo treatment, Respondent shall, within 30 calendar days of the requirement notice, submit to the Board or its designee for prior approval the name and qualifications of a licensed psychiatrist, psychologist or other licensed mental health practitioner of Respondent's choice. Upon approval of the treating psychiatrist, psychologist or other licensed health practitioner, Respondent shall within 15 calendar days undergo treatment and shall continue such treatment until further notice from the Board or its designee.

The treating psychiatrist psychologist or other licensed mental health practitioner shall consider the information provided by the Board or its designee or any other information the treating psychiatrist, psychologist or other mental health practitioner may deem pertinent prior to the commencement of treatment. Respondent shall have the psychiatrist, psychologist or other health practitioner submit quarterly reports to the Board or its designee indicating whether or not the Respondent is capable of practicing optometry safely. The quarterly reports are due each year of probation and the entire length of probation from the psychiatrist, psychologist or other licensed mental health practitioner as follows:

- For the period covering January 1st through March 31st, reports are to be completed and submitted between April 1st and April 7th.
- For the period covering April 1st through June 30th, reports are to be completed and submitted between July 1st and July 7th.
- For the period covering July 1st through September 30th, reports are to be completed and submitted between October 1st and October 7th.
- For the period covering October 1st through December 31st, reports are to be completed and submitted between January 1st and January 7th.

The quarterly report shall include, but not be limited to:

3. treating psychiatrist, psychologist or other licensed mental health practitioner's name and signature;
4. treating psychiatrist, psychologist or other licensed mental health practitioner's license number;

6. the Respondent's compliance with this condition;
7. the Respondent's diagnosis, prognosis, and progress;
8. if any substances have been prescribed, identification of a program for the time-limited use of any substances;
9. any change in behavior and/or personal habits;
10. assessment of the Respondent's ability to practice safely;

12. other relevant information deemed necessary by the treating psychiatrist, psychologist, other licensed mental health practitioner, or the Board.

Respondent is ultimately responsible for ensuring his/her psychiatrist, psychologist or other licensed mental health practitioner submits complete and timely reports. Failure to ensure each submission of complete and timely reports shall constitute a violation of probation.

Respondent shall provide the Board or its designee with any and all medical records pertaining to treatment deemed necessary by the Board or its designee.

If, prior to the completion of probation, Respondent is found to be mentally incapable of resuming the practice of optometry without restrictions, the Board shall retain continuing jurisdiction of Respondent's license and the period of probation shall be extended until the Board determines that Respondent is mentally capable of resuming practice of optometry without restrictions. Respondents shall pay the cost of the evaluation(s) and treatment.

(OPTIONAL): Respondent shall not engage in ~~the practice of optometry~~ fitting and adjusting lenses or dispensing until notified by the Board of its determination that Respondent is mentally fit to practice safely.

NOTE: This condition is for those cases where the evidence demonstrates that mental illness or disability was a contributing cause of the violations.

28. MEDICAL HEALTH EVALUATION

Within 30 calendar days of the effective date of this decision, and on a periodic basis thereafter as may be required by the Board or its designee, Respondent shall undergo a medical evaluation, at Respondent's cost, by a Board- appointed physician who shall furnish a medical report to the Board or its designee. Based on the medical evaluation, the Board may require Respondent to undergo medical treatment.

If Respondent is required by the Board or its designee to undergo medical treatment, Respondent shall within 30 calendar days of the requirement notice submit to the Board for its prior approval the name and qualification of a physician of Respondent's choice. Upon approval of the treating physician, Respondent shall undergo and continue medical treatment, at Respondent's cost, until further notice from the Board. Respondent shall have the treating physician submit quarterly reports to the Board. Quarterly reports are due each year of probation and the entire length of probation from the treating physician as follows:

- For the period covering January 1st through March 31st, reports are to be completed and submitted between April 1st and April 7th.

- For the period covering October 1st through December 31st, reports are to be completed and submitted between January 1st and January 7th.

The quarterly report shall include, but not be limited to:

1. the Respondent's name;
2. license number;
3. treating physician's name and signature;
4. treating physician's license number;
5. dates Respondent had face-to-face contact or correspondence (written and verbal) with treating physician;
6. the Respondent's compliance with this condition;
7. the Respondent's diagnosis, prognosis, and progress;
8. if any substances have been prescribed, identification of a program for the time-limited use of any substances;
9. any change in behavior and/or personal habits;
10. assessment of the Respondent's ability to practice safely;
11. recommendation dependant on Respondent's evaluation results, progress and compliance with this condition on whether to continue with current treatment plan or modify the treatment plan;
12. other relevant information deemed necessary by the treating physician, or the Board.

Respondent is ultimately responsible for ensuring his/her physician submits complete and timely reports. Failure to ensure each submission of complete and timely reports shall constitute a violation of probation.

(OPTIONAL): Respondent shall not engage in ~~the practice of optometry fitting and adjusting lenses or dispensing~~ until notified by the Board of its determination that Respondent is medically fit to practice safely.

NOTE: This condition is for those cases where the evidence demonstrates that medical illness or disability was a contributing cause of the violations.

29. MEDICAL TREATMENT

Within 30 calendar days of the effective date of this decision, Respondent shall submit to the Board for its prior approval the name and qualifications of a physician of Respondent's choice. Upon approval, Respondent shall undergo and continue treatment, at Respondent's cost, until the Board deems that no further medical treatment is necessary. Respondent shall have the treating physician submit quarterly status reports to the Board. Quarterly status reports are due each year of probation and the entire length of probation from the treating physician as follows:

- For the period covering January 1st through March 31st, reports are to be completed and submitted between April 1st and April 7th.
- For the period covering April 1st through June 30th, reports are to be completed and submitted between July 1st and July 7th.

The quarterly report shall include, but not be limited to:

1. the Respondent's name;
2. license number;
3. treating physician's name and signature;
4. treating physician's license number;
5. dates Respondent had face-to-face contact or correspondence (written and verbal) with treating physician;
6. the Respondent's compliance with this condition;
7. the Respondent's diagnosis, prognosis, and progress;
8. if any substances have been prescribed, identification of a program for the time-limited use of any substances;
9. any change in behavior and/or personal habits;
10. assessment of the Respondent's ability to practice safely;
11. recommendation dependant on Respondent's progress and compliance with this condition on whether to continue with current treatment plan or modify the treatment plan;
12. other relevant information deemed necessary by the treating physician, or the Board.

Respondent is ultimately responsible for ensuring his/her physician submits complete and timely reports. Failure to ensure each submission of complete and timely reports shall constitute a violation of probation.

The Board may require Respondent to undergo periodic medical evaluations by a Board-approved physician.

30. RESTITUTION

Within 90 calendar days of the effective date of this decision, Respondent shall provide to the Board or its designee proof of restitution in the amount of \$_____ paid to _____.

31. AUDIT REQUIRED

The Board shall require quarterly audits of patient visits, billings, and payments as a condition of probation.

Within 30 calendar days of the effective date of this decision, Respondent shall provide to the Board or its designee the names and qualifications of three third party auditors. The Board or its designee shall select one of the three auditors to audit Respondent's billings. During said audit, randomly selected client billing records shall be reviewed in accordance with accepted auditing/accounting standards and practices.

The Board or its designee shall provide the approved auditor with copies of the decision(s) and accusation(s), and a proposed auditing plan. Within 15 calendar days of receipt of the decision(s), accusation(s), and proposed monitoring plan, the auditor shall sign an affirmation that he or she has reviewed the terms and conditions of the Respondent's disciplinary order, fully understands the role of auditor, and agrees or disagrees with the proposed auditing plan set forth by the Board. If the auditor disagrees with the proposed auditing plan, the auditor shall submit a revised auditing plan with the signed affirmation for approval by the Board or its designee.

Within 60 calendar days of the effective date of this decision, and continuing throughout probation, Respondent's patient visits, billings and payments shall be audited by the approved auditor. Respondent shall make all records available for immediate inspection and copying on the premises by the auditor at all times during business hours and shall retain the records for the entire term of probation.

If Respondent fails to obtain approval of an auditor within 60 calendar days of the effective date of this decision, Respondent shall receive a notification from the Board or its designee to cease the practice of optometry within three (3) calendar days after being so notified. Respondent shall cease practice until an auditor is approved to provide auditing responsibility.

The Board shall be advised of the results of the audit, and may obtain any and all copies of any documents audited or the results of the audit. The cost of the audits shall be borne by Respondent. Failure to pay for the audits in a timely fashion within ten (10) calendar days from audit completion shall constitute a violation of probation.

Quarterly reports of the audit results are due each year of probation and the entire length of probation from the auditor as follows:

- For the period covering January 1st through March 31st, reports are to be completed and submitted between April 1st and April 7th.
- For the period covering April 1st through June 30th, reports are to be completed and submitted between July 1st and July 7th.
- For the period covering July 1st through September 30th, reports are to be completed and submitted between October 1st and October 7th.
- For the period covering October 1st through December 31st, reports are to be completed and submitted between January 1st and January 7th.

The quarterly report shall include, but not be limited to:

1. the Respondent's name;
2. license number;
3. auditor's name and signature;
4. auditor's license number;
5. dates Respondent had face-to-face contact or correspondence (written and verbal) with auditor;
6. the Respondent's compliance with this condition;
7. the Respondent's compliance with accepted auditing/accounting standards and practices;
8. any change in behavior and/or personal habits;

9. assessment of the Respondent's ability to practice safely;
10. recommendation dependant on Respondent's audit results and compliance with this condition on whether to continue with current audit plan or modify the plan;
11. other relevant information deemed necessary by the auditor, or the Board.

Respondent is ultimately responsible for ensuring his/her auditor submits complete and timely reports. Failure to ensure each auditor submits complete and timely reports shall constitute a violation of probation.

If the auditor resigns or is no longer available, Respondent shall, within five (5) days of such resignation or unavailability, submit to the Board or its designee, for prior approval, the names and qualifications of a replacement third party auditor who will be assuming that responsibility within 15 calendar days. If Respondent fails to obtain approval of a replacement auditor within 60 calendar days of the resignation or unavailability of the auditor, Respondent shall receive a notification from the Board or its designee to cease the practice of optometry within three (3) calendar days. After being so notified, Respondent shall cease practice until a replacement auditor is approved and assumes auditing responsibility.

32. LENS PRESCRIPTIONS - MAINTAIN RECORDS

Respondent shall maintain patient records of all lens prescriptions dispensed or administered by Respondent during probation, showing all the following:

1. name and address of the patient;
2. date;
3. price of the services and goods involved in the prescription;
4. visual impairment identified for which the prescription was furnished.

Respondent shall keep these patient records in a separate file, in chronological order, and shall make them available for inspection and copying by the Board or its designee, upon request.

33. RESTRICTED PRACTICE

~~During probation, Respondent is prohibited from practicing _____ (Ex. Specified optometric procedures).~~

Commented [SJ5]: Subcommittee and staff recommend deleting this requirement. Unlike an optometrist – where there is a broad scope of practice, the CLD/SLD scope is already limited to fitting and adjusting lenses. There is nothing “extra” to prohibit from practicing.

34. RESTRICTIONS ON ADVERTISEMENTS

During the entire period of probation, the Respondent shall, prior to any publication or public dissemination, submit any and all advertisement of professional services in the field of optometry to the Board for its prior approval. Such advertisement may be published or disseminated to the public only after written approval by the Board.

35. TAKE AND PASS ABO AND/OR NCLE EXAM

Respondent shall take and pass part(s) ____ of the American Board of Opticianry (ABO) Examination and/or the National Contact Lens Examination (NCLE). Respondent shall pay the established examination fees. If Respondent has not taken and passed the examination within twelve months from the effective date of this decision, Respondent shall be considered to be in violation of probation.

36. CONTINUING EDUCATION

Within 30 calendar days of the effective date of this decision, Respondent shall submit to the Board for its prior approval an educational program or course to be in areas of (E.g., ~~practice~~)

Commented [SJ6]: Please provide example CE courses

~~management, retinal disease, drug/alcohol addiction~~). The education program or course(s) shall consist of a minimum of four (4) hours for each ~~practice~~ area.

~~This program or course shall be in addition to the Continuing Optometric Education requirements for renewal, and shall be obtained with all costs being paid by the Respondent. Respondent is responsible for all costs associated with completing the continuing education requirements.~~ Following completion of each course, the Board or its designee may administer an examination to test Respondent's knowledge of the course. Respondent shall provide written proof of attendance in such course or courses approved by the Board.

37. MEDICAL RECORD KEEPING COURSE

~~Within 60 calendar days of the effective date of this decision, Respondent shall enroll in a course in medical record keeping equivalent to the Medical Record Keeping Course offered by the Physician Assessment and Clinical Education Program, University of California, San Diego School of Medicine (Program), approved in advance by the Board or its designee. Respondent shall provide the program with any information and documents that the Program may deem pertinent. Respondent shall participate in and successfully complete the classroom component of the course not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully complete any other component of the course within one (1) year of enrollment. The medical record keeping course shall be at Respondent's expense and shall be in addition to the continuing optometric education requirements for renewal of licensure.~~

~~A medical record keeping course taken after the acts that gave rise to the charges in the accusation, but prior to the effective date of the decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the course would have been approved by the Board or its designee had the course been taken after the effective date of this decision.~~

~~Respondent shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after the effective date of the decision, whichever is later.~~

Commented [SJ7]: The Subcommittee and staff recommend deleting this requirement. While registrants under the RDO program have access to dispensing records and some may have access to medical records, these courses are geared toward medical professionals (e.g., [PACE](#)). They are also roughly \$1,300. This appears more punitive than rehabilitative for registrants.

16 CCR § 1399.280

§ 1399.280. Registered Dispensing Optician Program Disciplinary Guidelines and Uniform Standards Related to Substance Abusing Licensees.

(a) In reaching a decision on a disciplinary action under the Administrative Procedures Act (Government Code Section 11400 et seq.), the Optometry Board of California shall consider and apply the “Registered Dispensing Optician Program Disciplinary Guidelines and Uniform Standards Related to Substance Abusing Licensees (3/2018),” which is hereby incorporated by reference. Deviation from the guidelines, including the standard terms of probation, is appropriate where the California State Board of Optometry, in its sole discretion, determines that the facts of the particular case warrant such deviation - for example: the presence of mitigating factors; the age of the case; evidentiary problems.

(b) Notwithstanding subsection (a), if after notice and hearing conducted in accordance with Chapter 5, Part 1, Division 3, Title 2 of the Government Code (commencing with sections 11500 et seq.), the Board finds that the evidence establishes that an individual is a substance-abusing licensee for purposes of section 315 of the Code, then in addition to any and all other relevant terms and conditions contained in the disciplinary guidelines, the terms and conditions that incorporate the Uniform Standards Related to Substance-Abusing Licensees shall apply, without deviation, and be used in any probationary order of the Board affecting that licensee.

(c) Nothing in this Section shall prohibit the Board from imposing additional terms or conditions of probation that are specific to a particular case or that are derived from the Board's guidelines in any order that the Board determines would provide greater public protection.
