**To:** Board Members

**Date:** August 3, 2018

**From:** Joanne Wenzel  
Interim Executive Officer

**Telephone:** (916) 575-7184

**Subject:** Agenda Item 6 – Interim Executive Officer's Report

---

**A. Association of Regulatory Boards of Optometry (ARBO) – Report on June 2018 ARBO Meeting (by Jessica Siefertman, Former Executive Officer)**

Please see the attached memo for ARBO update (Attachment 1)

**B. FBI Rap Back Program Update**

There still has been very little progress with the DOJ participating in the FBI Rap Back Program. As previously discussed, the DOJ made an agreement with the California legislature in 2012 “that the DOJ would convene a group of the largest applicant agency stakeholders to examine the financial aspects of participation in the program and would invite statewide public opinion on the program via the Attorney General's website.”

DCA has continued to remind DOJ of its strong interest in participating in stakeholder meetings and is still waiting to hear from DOJ when the meetings will take place. It appears that the biggest push back from DOJ is that their statewide system (not just supporting DCA) doesn't meet the system requirements for the FBI Rap Back Program.

Based on the lack of movement on this issue, the Board may wish to seek assistance from the legislature through legislative means during the 2019 session. Specifically, AB 2461 (also discussed under agenda item 9B) requires DOJ to provide the FBI subsequent arrest records to the Department of Social Services, Medical Board and Osteopathic Medical Board. The Board may want to take a support if amended position and request that the Board be included in the bill. AB 2461 is set for Senate Appropriation hearing when they convene from summer recess on August 6, 2018.

Even if the Board doesn't make it into the bill, it is likely DOJ will still be forced to update their system to accommodate the FBI Rap Program.

**C. Strategic Plan Update**

Please see the attached outline for status on each Strategic Plan objective (Attachment 2)

**D. Enforcement Program**

*Prepared by Cheree Kimball, Lead Enforcement Analyst*

In June, the Enforcement team attended a symposium presented by the Board's biological fluid testing vendor, FSSolutions. The symposium was presented by experts in the fields of toxicology and substance abuse recovery management and was an educational look into biological fluid testing, including industry advances and best practices.

At the end of July, the Enforcement Program bid farewell to Kellie Flores, who accepted a promotion with the Bureau of Cannabis Control. Ms. Flores will be greatly missed.

As shown in Attachment 3, the Optometry program saw a 35% increase in the number of complaints received in Quarter 4. Meanwhile, the RDO program had a 20% increase in complaint closures over Quarter 3.

The Enforcement Program continues to prioritize the oldest pending cases, as well as cases designated high or expedited priority. In Quarter 4, the Enforcement Program transmitted three high priority cases to the Attorney General's office. The average age of these three cases at transmittal was 229 days.

## **E. Examination and Licensing Programs**

*Prepared by Todd Kerrin, Policy Analyst and Arsha Qasmi, Licensing Lead*

As of July 30<sup>th</sup>, all sessions for examination development have been fully staffed by qualified subject matter experts and completed. An updated version of the California Law and Regulations Exam is under review and will be released on schedule in October. Two out of the three planned Occupational Analyses have also been completed successfully, with the final session to be held on October 9<sup>th</sup> & 10<sup>th</sup>, 2018.

In May of 2018, the Board's Executive Officer, Jessica Siefertman and the Assistant Executive Officer, Robert Stephanopoulos, presented to the third-year optometry students at Western University and Southern California College of Optometry. Students were given a brief overview of the licensing process and noteworthy items were highlighted. This continues to be a valuable opportunity for students to connect with the Board and for the Board to gain insight from the newest generations of optometrists.

In keeping with the Board's vision to go paperless, Mr. Stephanopoulos has provided training on publishing certificates to a licensee's personal BreEZe profile upon initial licensure. Since the implementation of this process, the number of calls regarding the certificates has decreased as new licensees can print these certificates directly from their online profile.

The licensing unit has amended their procedures to include the scanning of all documents related to an application into the BreEZe system. This change allows any member of staff to access an application to view its status. Ensuring all documents are in BreEZe has made application checks more efficient and permitting staff to assist applicants faster.

The number of optometrist applications increased in the third and fourth quarter, which is expected as applicants graduate (Attachment 4). In May, Ms. Qasmi approved 74 exam requests - the highest this year. Exam requests dropped in June; however, 33 licenses were issued, making it the second highest month this fiscal year. BreEZe utilization remains strong with 70% of all applications submitted online this fiscal year and new optometrists applying online 95% of the time. Licensing continues to work through applications as efficiently as possible, focusing on the oldest.

## **F. Personnel**

At the end of May, sadly the Board had to say goodbye to Abby LeCureux, who was loaned to us by DCA and had been a welcome addition to the office since August 2017. Ms. LeCureux's assistance allowed the Board to continue to meet the requests of our stakeholders even with Ms. Torres-Fuentes out on leave. The Board would like to thank DCA and the CIC once again for being so gracious in loaning Ms. LeCureux to us in our time of need.

On a happier note, and prompting Ms. LeCureux's departure, Pricilla Torres-Fuentes returned from her maternity leave to her position as the Board's receptionist. Further, Ms. Torres-Fuentes took the initiative to meet with management prior to her return to gather information on any new processes/procedures put into place during her absence in order to hit the ground running.

In late June, the Board also welcomed back its RDO Coordinator, Jessica Swan, who returned from her educational leave of absence. Ms. Swan was eager to come back and has quickly reacclimated herself to her prior position. In addition, due to the business needs of the RDO Program, Ms. Swan's position was converted from a .9 position to a full-time position, effective July 2, 2018.

As a result of Ms. Swan's reinstatement, Brad Garding, who was acting in a limited term capacity as the RDO Coordinator, returned to his previous position as Enforcement Technician. The Board sincerely thanks Mr. Garding for his willingness to take on the new duties of RDO Coordinator, while helping to keep enforcement afloat.

With the departure of Kellie Flores as the Board's liaison/enforcement analyst, a new vacancy has opened within the office. This position should be advertised mid to late August, and hopefully will be filled a couple weeks after. The Board would like to thank Ms. Flores for her service.

#### **G. Budget**

An Optometry and RDO Fund and Expenditure Report from DCA's Budget Office will be provided at the meeting and will be subsequently posted online when available.

#### **Attachments:**

1. ARBO Update
2. Strategic Plan Update
3. Enforcement Statistics
4. Licensing Statistics

### **Background:**

The Association of Regulatory Boards of Optometry (ARBO), made up of 66 regulatory boards throughout the United States, Canada, Australia, and New Zealand, is the forum for all optometry licensing and regulatory agencies to meet, develop, and exchange ideas.

ARBO's mission "*is to represent and assist member licensing agencies in regulation the practice of optometry for the public welfare.*" ARBO played a key role in the development of optometric laws; the development of a uniform curriculum for optometry schools; and the accreditation of schools and colleges of optometry.

In conjunction with the Association of Schools and Colleges of Optometry (ASCO), ARBO created the National Board of Examiners in Optometry (NBEO). ARBO continues to provide programs to accredit optometric continuing education courses, to track and audit the CE attendance of licensed optometrists and to assist with license mobility. ARBO serves as a conduit for sharing information among licensing boards to help them increase efficiency and decrease costs.

Each year, ARBO holds a meeting for representatives from all regulatory boards to come together and discuss national issues impacting the regulatory boards and the practice of optometry. The previous Executive Officer, Jessica Sieferman, attended the three-day meeting in June. The Annual Meeting was attended by 111 individuals, which included 81 delegates from 44 member boards. There were 21 other attendees, comprising guests, invited speakers and staff.

A summary of some key topics is below. All meeting materials, including member reports, ARBO's 2018 budget, and NBEO reports can be found here: <https://guidebook.com/guide/134871//> and entering the passphrase arbomeeting2018.

Prior to each meeting, member boards provide brief reports to ARBO regarding the prior year activities. All reports can be viewed [here](#).

### **Regulation in the News**

Dale Atkinson, ARBO's legal counsel, provided an overview of recent media narrative regarding regulation and the perception that licensing creates bottlenecks and prohibits individuals from entering the marketplace. Some states are entering compacts allowing individuals licensed in one state to freely practice in the others. Mr. Atkinson encouraged all regulatory boards to highlight the importance of regulation – how it not only protects the public, but also promotes equality, expands opportunity, helps historically disadvantaged groups, and levels the playing field.

Mr. Atkinson highlighted a few studies for reference:

#### ***The New Closed Shop? The Economic and Structural Effects of Occupational Licensure***

Beth Redbird finds that licensing **expands opportunity for women and minorities** and has little impact on wages. She argues that licensing helps historically disadvantaged groups discover ways into various careers they otherwise would have trouble accessing.

#### ***Occupational Licensing Reduces Racial and Gender Wage Gaps***

Peter Blair and Bobby Chung found occupational licensing **reduces the racial wage gap** between white and black men by 43 percent, and **reduces the gender wage gap** between women and white men by 36 to 40 percent.

### **FTC Urges State Legislators to Rethink Ocular Telehealth Ban**

The Washington State Legislature is currently considering legislation that, if adopted, would require optometrists and ophthalmologists to conduct eye exams in person before issuing prescriptions for contact lenses or glasses (Substitute Senate Bill [5411](#)).

Mr. Atkinson highlighted the Federal Trade Commission's (FTC) recent [11-page letter](#) to Washington State Senator Paul Graves (SB 5411 Author) urging the legislature consider the necessity of "an inflexible in-person, comprehensive examination." The FTC concluded:

*By requiring an in-person, comprehensive eye examination for all corrective lens prescriptions, the Bill would restrict the use of innovative telehealth eye care technologies, and also could require examinations that are more extensive and costly than necessary.*

*To ensure that the benefits of competition in the provision of vision care services are fully available to Washington state consumers, we suggest that the legislature consider the goals of the proposed legislation, and whether an inflexible in-person, comprehensive examination requirement is necessary to achieve those goals.*

*As part of that analysis, we encourage the legislature to consider whether legitimate health and safety justifications support the proposed restrictions, or whether allowing licensees to decide the nature of the examination and whether and under what circumstances to use telehealth would better promote competition and access to safe and affordable care.*

### **Promoting Competition in the Regulated Occupations: Perspectives from the FTC**

A representative from the FTC's Office of Policy Planning provided an overview of the FTC's values, State Action Doctrine, enforcement, research, and advocacy. In addition, he provided an overview of the Economic Liberty Task Force and explained how boards can engage with the FTC. The full presentation can be found [here](#).

### **Executive Officer/Director Workshop**

All Executive Directors/Administrators met to discuss updates, best practices and any regulatory issues at their Boards. The ARBO General Counsel, Dale Atkinson, also joined to help address questions. This was a great opportunity to learn from each other and improve the regulatory programs.

Ms. Sieferman also shared the Board's current enforcement activities and provided evidence of similar nation-wide enforcement issues. Ms. Sieferman will provide the Board's Interim Executive Officer and staff an overview of the discussion and recommendations on how to proceed working with the other state boards.

### **Regulator Training**

Dale Atkinson, Esq., conducted Board member/regulator training with the attendees. The full training can be viewed [here](#).

### **Paperless Verification**

Many states reported moving to a paperless verification system – discontinuing individual paper verifications. This saves significant staff time and provides real-time data to member boards. In May, Virginia notified all member boards of its recent transition and directed all member boards to their License Lookup [website](#) for 13 Health Regulatory Boards (Attached).

**Recommendation:**

Staff recommends the Board set a similar policy to directing Board's to DCA's [License Verification](#) website. The Board can send a similar outreach letter to all optometry boards notifying them of the change.

**Bylaws Committee**

Over the past year, Ms. Sieferman served on ARBO's Bylaws Committee assessing proposed amendments from member states. This year, three amendment packages were proposed addressing technical updates, Board member composition, and having ex-officio members serve as NBEO members after term expiration. The full Bylaws Committee Report can be found [here](#).

Currently, the ARBO Board is made up of all professional members from member boards. Over the past few years, Ms. Sieferman and other Board Executive Officers/Directors expressed frustration over the exclusion of non-professional members on the Board. During the 2016 ARBO meeting, Washington DC requested the Bylaws Committee consider adding a Board Executive Director/Officer to the Board. Washington DC argued many Executive Officers/Directors remain at their Boards longer than professional members and have a unique and vital perspective when it comes to implementing policy.

After much debate, the Bylaws Committee recommended ARBO change its bylaws to replace one professional board member seat with an Executive Officer/Director from a member board. ARBO member boards voted to approve this amendment.

**Optometric Education (OE) Tracker Mobile App**

The OE Tracker Committee's 2018 report can be found [here](#). OE TRACKER was designed specifically for ARBO's Member Boards to assist with verification of continuing education hours for license renewal. As of June 2018, 54,512 optometrists were actively using OE Tracker as a tool to track and maintain their continuing education resulting in over four million courses being entered. Wyoming, Kansas, and British of Columbia Optometry Boards began paying for all their licensees' OE Tracker subscription; this allowed the Boards to audit 100% of its licensing population in minutes.

The Board currently recognizes and utilizes ARBO's OE Tracker system as proof of continuing education (CE) course attendance, pursuant to California Code of Regulations (CCR) § [1536](#). As part of the Board's recent efforts to streamline the CE audit process, the Board started using the OE tracker system. This has proven to save significant staff and licensee time, as licensees can provide the OE tracker number in lieu of submitting individual completion certificates.

The OE Tracker Committee presented improvements to the mobile app. If the CE provider is using the app to record attendance at a meeting (with the ARBO provided QR codes), it takes about 30 seconds from when the optometrist scans the code to record their attendance and get an email confirmation.

Optometrists can also take a picture of their certificate and email it to ARBO; this takes 3-5 business days for ARBO to verify and upload the credits, but optometrists would no longer worry about whether a fax went through (a common complaint).

ARBO encourages optometrists to download the app and log in before attending the meeting. Optometrists frequently forget their password (or don't remember that they have one) and need to contact ARBO. Since CE meetings often take place on the weekends, ARBO is oftentimes unable to tell them what it is until the following Monday.

**Recommendation:**

Staff recommends partnering with ARBO to provide additional outreach to licensees about the OE tracker mobile app. Utilizing the OE Tracker system assists the Board in conducting more CE audits in significantly less time. This also results in a faster response time to licensees regarding the audit completion.

**OE Tracker vs. CE Broker**

Many boards (including California) requested comparative information on other continuing education vendors in the industry. In response, the OE Tracker Committee researched another vendor (CE Broker) and provided the following comparison:

## ***OE TRACKER vs. CE Broker***

<i><b>OE TRACKER</b></i>	<b>CE Broker</b>
Review CE Requirements and progress towards meeting them.	Review CE Requirements and progress towards meeting them.
Mobile app to record attendance and review CE transcript.	Mobile app to record attendance and review CE transcript.
Many providers report attendance directly to <i>OE TRACKER</i> .	Many providers report attendance directly to CE Broker.
CPR certificates included if optometrists pays for subscription.	CPR certificates included if optometrists pays for subscription.
<u>Fee to optometrists:</u> \$0 basic, \$25/year for full access.	<u>Fee to optometrists:</u> \$0 basic; \$29/year to report hours and check compliance; \$99/year for full access.
Optometrists <b>CAN'T</b> self-report CE credits; all submissions reviewed by ARBO Staff.	Optometrists <b>CAN</b> self-report CE credits.

Many member boards noted the importance of having all CE submissions reviewed prior to approving CE credit. Without the review, boards would have no way of verifying the accuracy and completion of CE.

**National Board of Examiners in Optometry (NBEO) Updates**

NBEO's mission is to serve the public and the profession of optometry by developing, administering, scoring, and reporting results of valid examinations that assess competence. NBEO provided an overview of NBEO process updates, addressed any questions or concerns by member boards and assurances that NBEO and ARBO goals aligned.

NBEO announced that, effective August 1, 2019, NBEO will enact a "Six Time Limit for NBEO Examinations." NBEO listed the following benefits to this change:

- Security (less item exposure)

- Reduce the likelihood of an unqualified candidate passing
- May increase candidate motivation
- Examinee scores tend to stop significantly improving after the second or third attempt without remediation.

NBEO provided an update to their laser procedure examination development. The purpose of the examination is to assess the cognitive ability to appropriately manage and perform laser and surgical skills. The standalone, elective examination will be broken into two sections: multiple choice and clinical skills. The examination acts as a metric for state boards (that have laser within their scope) in their credentialing process. NBEO recommends eligibility to licensed optometrists, 4<sup>th</sup> year optometry students and residents.

NBEO's new President, Jill Bryant strongly encourages communication between member boards and NBEO.

**Recommendation:**

Staff recommends reaching out to Ms. Bryant to request NBEO report any technical difficulties during testing to the Board as they occur (or shortly thereafter). The Board may also request NBEO provide quarterly statistics on how many student scores were deemed invalid (suspected of cheating), how many students appealed, and the results of those appeals.

**National Board Examination Review Committee (NBERC) Report**

The purpose of the NBERC is to review and ensure that the content and process of the NBEO are current and appropriate for ARBO Member Boards. NBERC also evaluates the policies and procedures of the NBEO that might impact the validity and reliability of the examination and reviews how information is presented to both candidates and licensing agencies. NBERC is charged with validating the examination process on behalf of the jurisdictional agencies utilizing the examinations for licensure.

NBERC's written report can be found [here](#).

# COMMONWEALTH of VIRGINIA

David E. Brown, D.C.  
Director

Department of Health Professions  
Perimeter Center  
9960 Mayland Drive, Suite 300  
Henrico, Virginia 23233-1463

FAX (804) 527- 4475

May 9, 2018

Dear Colleague,

State health regulatory boards, employers, insurance providers and citizens seeking licensure verification and certification of individual healthcare practitioners in the Commonwealth of Virginia are encouraged to use [License Lookup](#). This content resource meets the accreditation standards for primary source verification from the top seven-accreditation organizations for healthcare professionals.

Today, *License Lookup* serves as the sole source for verification of healthcare practitioners licensed and regulated by Virginia's 13 health regulatory boards.

Health Regulatory Boards	
<a href="#">Audiology &amp; Speech-Language Pathology</a>	<a href="#">Nursing</a>
<a href="#">Counseling</a>	<a href="#">Optometry</a>
<a href="#">Dentistry</a>	<a href="#">Pharmacy</a>
<a href="#">Funeral Directors &amp; Embalmers</a>	<a href="#">Physical Therapy</a>
<a href="#">Health Professions</a>	<a href="#">Psychology</a>
<a href="#">Long-Term Care Administrators</a>	<a href="#">Social Work</a>
<a href="#">Medicine</a>	<a href="#">Veterinary Medicine</a>

*License Lookup* is a free, digital service updated in real time and available 24/7 to anyone seeking licensure or other public information on health care practitioners in Virginia. This online resource serves as an official hard copy and proof of licensure for all practitioners licensed to practice by the Virginia Department of Health Professions (DHP).

With public records for 380,000 licensees across 62 health professions, *License Lookup* provides requesters with practitioner specific information including --

- License number
- Initial license date
- License expiration date
- Licensure status
- Additional public information

May 9, 2018  
Page 2

For more extensive licensure information, registered users may consider [Subscriber Services](#), a subscription-based component of *License Lookup* that offers downloadable content for a nominal fee.

DHP's mission is to ensure safe and competent patient care by licensing health professionals, enforcing standards of practice and providing information to health care practitioners and the public.

Thank you,

A handwritten signature in cursive script that reads "Leslie L. Knachel".

Leslie L. Knachel, M.P.H.  
Executive Director  
Board of Audiology and Speech-Language Pathology  
Board of Optometry and  
Veterinary Medicine

## Goal 1: Licensing

Agenda Item 6, Attachment 2

**The Board provides applicants and licensees a method for obtaining and maintaining license registration, business licenses, and certifications required to practice optometry in California.**

**Objective 1.1: Streamline the initial license and renewal process, including paperless options and synchronizing multiple license renewal dates, to improve staff efficiency and licensee compliance.**

- Conduct monthly meetings discussing timelines and identifying bottlenecks to better streamline the processes.
- Created a cloud drive for California schools of optometry to electronically send transcripts to the Board.
- Raised necessary BreEZe SIRs to separate optometrist exam request from application for licensure in order to improve cycle times.
- Improve processes, including independent transaction not requiring staff interaction and board approval (e.g., Statement of Licensure Applications).
- Raised SIR to remove paper renewals and replace with BreEZe mailer to encourage online renewal.
- Developed content for summer newsletter highlighting paperless renewals.
- Next Steps:
  - Conduct outreach informing licensees of the paperless direction of the Board, ask professional organizations to help with outreach.
  - Research feasibility of synchronizing expiration dates and present findings to the Board

**Status:**  
IN PROGRESS  
SCD<sup>1</sup>: October 2018

**Objective 1.2: Review the possibility of including continuing education requirements for both spectacle and contact lens dispenser licenses to protect consumers and maintain licensee competence.**

- Researched other states' continuing education (CE) requirements for Opticians.
- Researched consumer complaints from other state agencies that regulate opticians.
- Utilized consumer complaint reports received to research and identify any potential consumer harm.
- Presented research to DOC (Dispensing Optician Committee) for consideration.
- DOC recommended not pursuing continuing education requirements at this time. While continuing education is important for registrants to stay apprised of technological advances and industry standards, research indicates no immediate or apparent consumer protection need.

**Status:**  
COMPLETED  
SCD: Dec. 2017

**Objective 1.3: Continue monitoring and exploring opportunities to enhance BreEZe utilization staff productivity and promote licensee compliance with continuing education requirements.**

- Raised BreEZe SIRs to remove the automated printing/mailling of certificates.
- Working with the BreEZe team to show pdf documents on licensees' dashboards after initial/renewal/address change etc. applications are processed.
- Continue to send emails to licensee/registrant population encouraging BreEZe usage.
- BOARD DISCUSSION: Staff recommends removing the automated remittance coupon on the bottom of renewal notices. Instead, renewal notices would direct licensees to BreEZe.

**Status:**  
IN PROGRESS  
SCD: Dec. 2018

## Goal 2: Examination

**Objective 2.1: Recruit more subject matter experts to create examination questions in order to**

- Increased utilization of email, social media and newsletters.
- Worked with DCA to design enticing flyer highlighting free CE opportunities.
- Partnered with California Optometric Association (COA).
- Provided recruitment flyers to continuing education events and other COA events.
- Significantly increased SME pool.

**Status:**  
COMPLETED  
ONGOING  
SCD: Dec. 2017

**Objective 2.2: Analyze the examination requirements to evaluate for competency and the validity of the examination.**

- Collaborated with the Office of Professional Examination Services (OPES) to conduct an occupational analysis and a linkage study.
- OA/Linkage Study in Progress; OPES will present to the Board upon completion.

**Status:**  
IN PROGRESS  
SCD: Mar. 2019

<ul style="list-style-type: none"> <li>OA Project is on schedule, two meetings with subject matter experts have occurred and OPES is drafting the OA pilot survey with a target launch date of August 3.</li> </ul>	Agenda Item 6 Attachment 2
<b>Objective 2.3: Create a budget change proposal to secure funds so the Board can perform an occupational analysis on the registered dispensing optician program in order to check for validity of the examination.</b>	
<ul style="list-style-type: none"> <li>OPES and DCA Budgets presented to DOC regarding the RDO's fund condition and recommendations for proceeding with OAs for ABO and NCLE exams</li> <li>Worked with DCA Budgets to prepare/submit BCP Concept.</li> <li>Final BCP submitted.</li> </ul>	<b>Status:</b> COMPLETED SCD: Dec. 2018
<b>Objective 2.4: Consider the feasibility of developing a state law exam for opticians to verify their familiarity with California laws.</b>	
<ul style="list-style-type: none"> <li>DOC DISCUSSION: The DOC and staff identified a significant need to provide outreach to registrants about the Board, registration, and renewal requirements. In addition, the DOC is working to streamline registration processes and revise applications. Due to this need, staff recommends holding off on considering new registration requirements for one year. This will allow time for stabilizing the existing program.</li> </ul>	<b>Status:</b> NOT STARTED SCD: Jun. 2018
<h3 style="text-align: center;">Goal 3: Law and Regulation</h3> <p><i>The Board works to establish and maintain fair and just laws and regulations that provide for the protection of consumer health and safety and reflect current and emerging, efficient and cost-effective practices.</i></p>	
<b>Objective 3.1: Review federal law to identify methods that will strengthen existing California legislation regarding the sale of contact lenses and eye glasses as a means of improving enforcement and enhancing consumer protection.</b>	
<ul style="list-style-type: none"> <li>Made various connections within the FTC regarding the Federal Eyeglass and Contact Lens laws.</li> <li>FTC currently working on improving the applicable sections.</li> <li>No staff recommendations on legislation at this time.</li> </ul>	<b>Status:</b> IN PROGRESS SCD: Jun. 2018
<b>Objective 3.2: Contact members of congress and the Federal Trade Commission regarding the current 48 hour law to obtain information that would assist in closing existing loopholes.</b>	
<ul style="list-style-type: none"> <li>BOARD/DOC DISCUSSION: Please clarify for staff what "loopholes" currently exist.</li> </ul>	<b>Status:</b> NOT STARTED SCD: Jun. 2018
<b>Objective 3.3: Continue prioritization for review and updates to existing statutes, legislation, and regulations, for both optometry and dispensing opticians, in order to identify whether or not they are the cause of enforcement delays and determine promulgation of new regulations.</b>	
<ul style="list-style-type: none"> <li>Legislative proposals have been submitted for consideration in omnibus bill; proposal includes combining the practice acts for easier review.</li> <li>DOC and Board working on regulatory amendments to create RDO Program Disciplinary Guidelines and improve existing Optometry Disciplinary Guidelines.</li> <li>DOC and Board approved regulatory amendments to improve applications.</li> <li>Board sponsored SB 1386 which includes additional enforcement provisions to hold owners accountable for standard of care within optometry practices.</li> </ul>	<b>Status:</b> IN PROGRESS SCD: Dec. 2018
<b>Objective 3.4: Continue partnering with the Medical Board of California to identify potential loopholes regarding online and kiosk refraction administration to enhance consumer protection.</b>	
<ul style="list-style-type: none"> <li>Attended the Medical Board of California (MBC) board meeting.</li> <li>Provided MBC with materials developed from the board's communication plan.</li> <li>Working closely with MBC on joint-jurisdiction enforcement matters involving online and kiosk refractions.</li> </ul>	<b>Status:</b> COMPLETED AND ONGOING SCD: Dec. 2017
<b>Objective 3.5: Review current methods and explore new opportunities to increase access to care (e.g. scope of practice, mobile clinics, new technology, tele-medicine).</b>	
<ul style="list-style-type: none"> <li>Established mobile clinic workgroup to develop legislation increasing access to quality optometric care to homebound patients.</li> <li>Full Board discussed various mobile practices with stakeholders and DCA entities in November 2017 to gain a better understanding of current methods of regulating mobile practices.</li> <li>Various mobile clinic stakeholders attended LRC meeting in March 2018; recommendations presented to Full Board in April 2018.</li> <li>Board accepted proposed statutory language to expand optometric care to homebound patients.</li> </ul>	<b>Status:</b> IN PROGRESS SCD: Dec. 2017
<b>Objective 3.6: Review and identify existing practice requirements with regards to unnecessary licensing barriers in an effort to reduce barriers to entry, enhance consumer access to care, and maintain consumer protection.</b>	<b>Status:</b> IN PROGRESS SCD: DEC. 2018

<ul style="list-style-type: none"> <li>Reviewed the Little Hoover Report</li> <li>Researched all relevant practice requirements and identify possible licensing barriers and worked with legislature to remove barriers in AB 1708.</li> <li>Supported SB 1386 to repeal BPC § 3077 – an unnecessary license barrier that was created for the profession and for “the avoidance of the evils of competition.”</li> <li>Researching other potential license barriers.</li> </ul>	Agenda Item 6, Attachment 2
<b>Objective 3.7: Explore the feasibility of proposing legislation to synchronize the expiration dates of all license types for a given individual.</b>	Status: NOT STARTED SCD: Mar. 2018
<b>Objective 3.8: Explore the feasibility of proposing legislation to merge the RDO and Optometry funds to stabilize the long-term Optometry fund condition.</b>	Status: NOT STARTED SCD: Jun. 2018
<ul style="list-style-type: none"> <li>Board directed staff to begin working on merging Optometry and RDO funds.</li> </ul>	
<b>Objective 3.9: Explore the feasibility of proposing legislation to merge the RDO program into the Optometry Practice Act.</b>	Status: IN PROGRESS SCD: Jan. 2019
<ul style="list-style-type: none"> <li>Worked with legal counsel to prepare legislative amendments combining the practice acts.</li> <li>LRC and Board approved legislative approval in January 2018.</li> <li>Submitted legislative proposal to Senate B&amp;P and accepted for omnibus bill.</li> </ul>	
<b>Objective 3.10: Work in conjunction with all stakeholders to ensure consumer protection is weighed equally with consumer choice so legislation and/or regulation promotes fair access to goods and services while informing consumers of the risks and benefits such goods and services afford.</b>	Status: IN PROGRESS SCD: Jun. 2020
<ul style="list-style-type: none"> <li>Worked with stakeholders regarding mobile optometric practice, repealing Branch Office law, sponsoring legislation devoted to children’s vision, and improving the RDO Program.</li> </ul>	
<b>Objective 3.11: Develop and implement a new inspection program using best practices from other existing programs within DCA. If necessary, sponsor/approve legislation or regulatory amendments to improve inspection authority language.</b>	
<ul style="list-style-type: none"> <li>Board proposed legislative amendments included in AB 1708 to improve inspection authority language.</li> <li>Full Board heard from existing DCA inspection programs to learn best practices.</li> <li>CPC held additional committee meetings reviewing available data and soliciting feedback from stakeholders on the Board’s inspection program.</li> <li>Full Board discussed inspection program again at the April 2018 meeting.</li> <li>Board deferred the adoption of random inspections for one year and will revisit the issue after staff has compiled a report regarding proactive inspections.</li> </ul>	Status: IN PROGRESS SCD: Dec. 2018
<b>Goal 4: Enforcement</b> <i>The Board protects the health and safety of consumers of optometric services through the active enforcement of the laws and regulations governing the safe practice of Optometry in California.</i>	
<b>Objective 4.1: Review enforcement timing between initial offense and when it is conveyed to the Board to act upon in order to protect the consumer and maintain patient access to care.</b>	Status: NOT STARTED SCD: Jan. 2019
<b>Objective 4.2: Explore the feasibility of participating in the FBI rap back program to expedite and enhance enforcement efforts.</b>	
<ul style="list-style-type: none"> <li>Discussed participation requirements with the FBI and DOJ</li> <li>Requested assistance from the DCA</li> <li>Discussed during January 2018 Director’s Meeting</li> <li>DOJ starting stakeholders meeting to determine project plan and resources needed.</li> <li>AB2461 requires DOJ to provide FBI arrest records to additional entities, which the Board will discuss during the August 3 Board meeting to possibly be included in the bill.</li> </ul>	Status: IN PROGRESS SCD: Mar. 2018
<b>Objective 4.3: Research the possibility of changing the statute to require licensees to self-report to the Board within thirty days of conviction or other disciplinary action as a means of expediting and enhancing enforcement efforts.</b>	Status: NOT STARTED SCD: Jun. 2018
<b>Objective 4.4: Research the possibility of requiring licensees to enroll in the national practitioner’s databank to expedite and enhance enforcement efforts.</b>	Status: COMPLETED Jan. 2018
<ul style="list-style-type: none"> <li>Included in Board’s Sunset Bill (AB 1708) effective January 1, 2018.</li> <li>As of July 1, 2018, all applicants and licensees will be enrolled in NPDB and be charged \$2 for initial applications and \$4 during renewal to support NPDB.</li> </ul>	

<b>Objective 4.5: Develop proactive methods to enforce the unlicensed sale and distribution of cosmetic contact lenses.</b>	<b>Status:</b> NOT STARTED SCD: Jun. 2018
<b>Objective 4.6: Establish a partnership with DCA Boards and county and state organizations to identify and address unlicensed activity (e.g. contact lens sales and expired prescriptions) in an effort to protect consumers.</b>	<b>Status:</b> NOT STARTED SCD: Sept. 2018
<b>Objective 4.7: Review the corrective action for compliance (and revise if necessary) in order to deter unlicensed activity</b>	<b>Status:</b> NOT STARTED SCD: Dec. 2018
<b>Objective 4.8: Analyze the 2012 disciplinary guidelines for optometrists and revise where necessary, to promote consistency and fairness with enforcement decisions and enhance consumer protection</b> <ul style="list-style-type: none"><li>Consumer Protection Committee's workgroup developed recommendations for CPC consideration during March 23, 2018 meeting</li><li>Recommendations to be considered by full Board during August 3 Board meeting</li></ul>	<b>Status:</b> IN PROGRESS SCD: Dec. 2018
<b>Objective 4.9: Adopt disciplinary guidelines for opticians to promote consistency and fairness with enforcement decisions and enhance consumer protection.</b> <ul style="list-style-type: none"><li>Discussed multiple times during DOC meetings; held various workgroup meetings</li><li>DOC workgroup proposing recommendations during August 2 DOC meeting</li></ul>	<b>Status:</b> IN PROGRESS SCD: July. 2018
<b>Objective 4.10: Improve working relationships with the Attorney General's Office, Division of Investigation, District Attorneys and other Government Agencies to identify and fix enforcement bottlenecks and streamline enforcement processes.</b> <ul style="list-style-type: none"><li>Working with DAG Liaison to streamline processes, update transmittal memos, and improve communication throughout all AG Offices</li><li>Met with Northern Area Commander at DOI to discuss concerns and improve investigation quality; requesting additional meetings with Southern Area Commander and the Division Chief.</li><li>Spoke with Southern Area Commander at DOI to discuss concerns.</li></ul>	<b>Status:</b> IN PROGRESS SCD: July. 2018
<b>Objective 4.11: Develop and implement a new inspection program using best practices from other existing programs within DCA.</b> <ul style="list-style-type: none"><li>Researched existing inspection programs and presented information during Dec. 2017 CPC meeting</li><li>Inspection "tools" being discussed/developed during March 23, 2018 meeting</li><li>The Board deferred the adoption of random inspections for one year and will revisit the issue after staff has compiled a report regarding proactive inspections.</li></ul>	<b>Status:</b> IN PROGRESS SCD: July. 2018
<b>Goal 5: Outreach</b> <i>The Board proactively educates, informs and engages consumers, licensees, students and other stakeholders on the practice of optometry and the laws and regulations which govern it.</i>	
<b>Objective 5.1: Review and educate licensees about the scope of practice for optometric assistants, opticians, RDO's, CLD's and SLD's to mirror the letter and chart sent to optometrists clarifying privileges for specific licensing certifications in order to enhance consumer protection.</b> <ul style="list-style-type: none"><li>Content published in Spring 2018 Newsletter</li><li>Next Steps: Develop Scope of Practice FAQ</li></ul>	<b>Status:</b> IN PROGRESS SCD: July 2019
<b>Objective 5.2 Educate practitioners about current federal law regarding contact lens prescription release (48 hour law).</b>	<b>Status:</b> NOT STARTED SCD: Sept. 2018
<b>Objective 5.3 Educate licensees and registrants about advertising requirements (e.g. free eye exams, free 2<sup>nd</sup> pair of glasses, etc.) to avoid misleading the public and reduce licensee confusion.</b> <ul style="list-style-type: none"><li>Content published in Spring 2018 Newsletter</li></ul>	<b>Status:</b> IN PROGRESS SCD: Dec. 2019
<b>Objective 5.4 Educate the public on how to adequately fill contact lens prescriptions based on expiration dates and quantity limits to increase awareness and enhance consumer protection.</b>	<b>Status:</b> NOT STARTED SCD: Apr. 2019

14

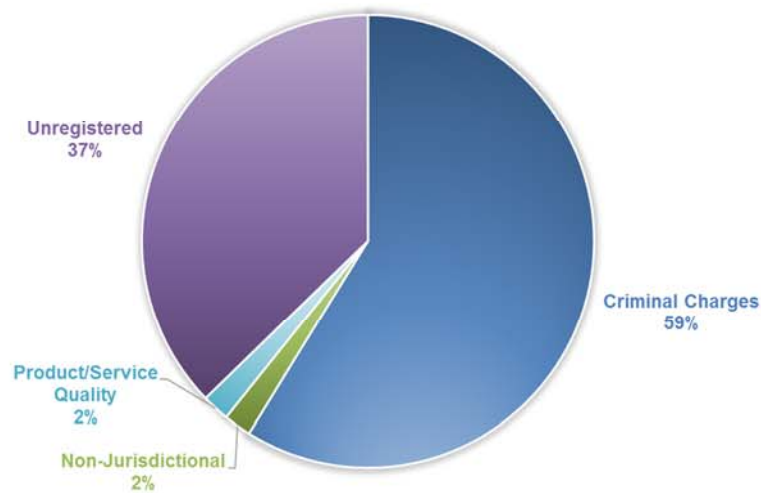

<b>Objective 5.5 Develop a public relations campaign to educate unlicensed sellers regarding contact lens distribution laws to mitigate future violations, therefore protecting consumers.</b>	Attachment 2 <b>Status:</b> NOT STARTED SCD: Dec. 2018
<b>Objective 5.6 Promote BreEZe's online renewal capability to licensees to decrease manual entries and improve staff efficiency.</b> <ul style="list-style-type: none"> <li>Increased social media usage to specifically promote BreEZe</li> <li>Distributed courtesy emails to those up for renewal with link to BreEZe</li> <li>Replaced paper applications on Board's website with links to BreEZe</li> <li>Working with stakeholders to promote BreEZe</li> <li>Content developed in Summer 2018 Newsletter</li> </ul>	<b>Status:</b> COMPLETED AND ONGOING
<b>Objective 5.7 Develop a communication plan utilizing technology to communicate more effectively with stakeholders, patients, and licensees.</b> <ul style="list-style-type: none"> <li>Communications plan adopted by the Board</li> <li>Currently implementing; developing videos, articles, op-eds</li> <li>Social Media: <a href="#">Facebook</a>, <a href="#">Twitter</a></li> <li>New DCA License Lookup for mobile devices</li> <li><a href="#">DCA Blog: Glaucoma Awareness Month</a>, <a href="#">O's for the Eyes</a></li> <li><a href="#">Consumer Connection Magazine</a> (O's for the Eyes included)</li> </ul>	<b>Status:</b> COMPLETED
<b>Objective 5.8 Develop a communication plan to raise awareness of the importance of children's vision health and wellness.</b> <ul style="list-style-type: none"> <li>Communications plan adopted by the Board</li> <li>Currently implementing; developing videos, brochures, op-eds</li> <li>Video: <a href="#">Children's Vision Screenings: A False Sense of Security</a></li> <li>Article: <a href="#">For Some Kids, Four Eyes Than Two</a></li> <li>Brochure: <a href="#">Kids Eye Health is Not Child's Play</a></li> <li>Reaching out to high profile "YouTubers" to solicit support for #ShowOffYourFrameGame campaign</li> </ul>	<b>Status:</b> COMPLETED
<b>Objective 5.9 Conduct an in depth review the Board's website and update information for consumers, licensees, and registrants.</b> <ul style="list-style-type: none"> <li>Completed committee review of website and updated information</li> <li>Developing various FAQs for licensees/registrants</li> <li>Website re-design initiating August 2018</li> </ul>	<b>Status:</b> IN PROGRESS SCD: Dec. 2018
<b>Goal 6: Organizational Effectiveness</b> <i>The Board works to develop and maintain an efficient and effective team of professional and public leaders and staff with sufficient resources to improve the Board's provision of programs and services.</i>	
<b>Objective 6.1: Provide customer service training for staff to improve communication with stakeholders.</b> <ul style="list-style-type: none"> <li>Board management encourages customer service training for staff; staff to complete training at least every two years.</li> </ul>	<b>Status:</b> IN PROGRESS SCD: Jan. 2019
<b>Objective 6.2: Investigate technology options for conducting committee and special meetings to broaden access to stakeholders and consumers.</b> <ul style="list-style-type: none"> <li>Held various committee and stakeholder meetings using WebEx and provided call-in numbers for stakeholders throughout the US to participate in stakeholder meetings.</li> <li>Broadcasted DOC meetings using Facebook Live.</li> </ul>	<b>Status:</b> COMPLETED SCD: Sep. 2019
<b>Objective 6.3: Provide teambuilding training or exercises to Board members to improve Board functioning.</b> <ul style="list-style-type: none"> <li>Rather than specific teambuilding training or exercises, Board members opted for lunches and dinners during various meetings.</li> </ul>	<b>Status:</b> COMPLETED AND ONGOING SCD: Mar. 2018
<b>Objective 6.4: Provide teambuilding exercises between Board members and staff to improve relationships.</b> <ul style="list-style-type: none"> <li>Rather than specific teambuilding training or exercises, Board members opted for coffee breaks, lunches and dinners during various meetings.</li> </ul>	<b>Status:</b> COMPLETED AND ONGOING SCD: Jun. 2018
<b>Objective 6.5: Improve communication and build relationships between the Governor's office, legislators, and the Board to effectively achieve the Board's objectives.</b>	<b>Status:</b> IN PROGRESS

<ul style="list-style-type: none"> <li>• Board staff held various meetings with legislatures regarding Board sponsored legislation and legislative proposals for omnibus bill consideration.</li> <li>• Children's Vision Workgroup participated in various meetings with author's office to achieve Board objectives.</li> <li>• Board staff attended COA's "Leg Day" and met with legislators and stakeholders.</li> </ul>	<p>Agenda Item 6, Attachment 2</p> <p>SCD Sep. 2019</p>
