Public Comment: Mr. Jeremy Bornstein, 20/20 Onsite stated, the vast majority of other states that don't regulate mobile optometry hasn't seen a flood gate issue of low quality mobile optometry providers, with lots of complainants to regulatory committees. Mr. Bornstein requested the Board think what is going to be the most expeditious and manageable resolution of this issue, as large of an issue it is it can be a small issue in some ways when looking at the parallels in other states.

Ms. Burke moved to create a work group of two Board members to meet and frame out the next steps with the mobile optometric practice issue. Ms. Garcia seconded. The Board voted 9-Aye; 1-Abstention and the motion passed. Webcast 4:33:20
